

BRAZIL MAN THE VICTIM OF BANDITS

BERNARD SCHOFIELD, BROTHER
OF CURTIS J. SCHOFIELD,
FORMER PROSECUTING AT-
TORNEY OF PUTNAM COUNTY
AND HUSBAND OF A DePAUW
GRADUATE, IS KILLED IN THE
CUMBRE TUNNEL IN MEXICO—

WAS WELL KNOWN HERE

BRAZIL, Ind., February 9.—Bernard Schofield, one of the persons supposed to have been killed in the Cumbre tunnel, in Mexico, on Friday, was a former Brazil man, the son of Mrs. John Schofield, of this city. When he lived here he was superintendent of the Vincennes division of the Vandalia railroad. His brother, C. J. Schofield, an attorney, left here yesterday for Mexico, and will be joined at Ottawa, Kas., by Mrs. Bernard Schofield.

A telegram was received, yesterday, from J. J. Pruitt, general superintendent of the Mexican Northwestern, saying there was some hope that Schofield might not have been killed, and that the country was being secured in the belief that some of the officers of the railroad had been made prisoners. Superintendent Pruitt was formerly yardmaster of the Vandalia in Brazil.

Mrs. Bernard Schofield was Miss Lena Byrd, daughter of George A. Byrd, of this city, who retired recently as one of the state officers of the Knights and Ladies of Honor. They were married at Indianapolis, lived there for several years and have two sons.

Bernard Schofield was well-known in Greencastle. He was a brother of Curtis J. Schofield, former prosecuting attorney for Clay and Putnam Counties, and a brother of Mrs. John. M. Lawley. Mrs. Schofield formerly was Miss Lena Byrd, a graduate of DePauw and a member of Kappa Kappa Gamma sorority. Miss Byrd was well and popularly known in Greencastle.

FORMER DePAUW ATHLETE LOSSES JOB AS COACH

CHICAGO, Feb. 8.—The Northwestern alumni committee has chosen Fred J. Murphy, the former Yale half back, and a member of the Eli advisory coaching staff, to coach the Northwestern football eleven next fall. Murphy will succeed Dennis Grady, who learned football at DePauw University. Grady was given a lot of credit for getting the best results out of mediocre material last fall, but the consensus of opinion among Northwestern University undergraduates and alumni was that Grady did not develop a representative team.

The new Purple coach will take up his duties next month, when he will start giving the candidates instruction in the rudiments of the game. Murphy became prominent in football in 1905 when he was a member of the undefeated Andover eleven. He entered Yale the following year.

Dennis Grady is well remembered as a DePauw athletic star of a few years ago. His home is in Lafayette.

A HIGH SCHOOL LAD ENLISTS IN CAVALRY.

George Ernest Coleman, son of Mr. and Mrs. John Coleman, of this town, a junior in the Greencastle high school, has enlisted in the U. S. Army, having taken the first examination in Indianapolis a few days ago. Mr. Coleman chose the cavalry branch of the service and has been sent to Columbus, Ohio, where he will take a second examination. If he is successful in passing the second physical examination he will be retained in the service.

WOULD IMPEACH VIGO PROSECUTOR

CHARGES ARE FILED AGAINST
"LITTLE DICK" WERNEKE BY
SECRETARY OF TERRE HAUTE
NON-PARTISAN VOTERS'
LEAGUE—SPECIAL PROSECU-
TOR IS APPOINTED TO CON-
DUCT INVESTIGATIONS—WILL
HAVE HEARING WITHIN
TWENTY DAYS.

GRAND JURY IN SESSION

TERRE, HAUTE, Ind., Feb. 10.—Any lurking doubt that may have been lingering in the public mind that the investigation of election crookedness in Terre Haute and Vigo County was not to be prosecuted with vigor and impartially was dispelled yesterday when Judge Charles M. Fortune, acting on a petition of well known citizens, appointed Chalmers Hamill, a friend of President Wilson and a student at Princeton while the chief magistrate was head of that institution, to have charge of the new grand jury which begins its work today.

The appointment of Hamill came after impeachment proceedings had been instituted against Prosecutor "Little Dick" Werneke, Mayor Roberts' right bower. The charges against Werneke, made in the form of an affidavit by Dr. R. M. Hollingsworth, secretary of the Non-Partisan Voters' League, charged that Werneke, on Oct. 27 last, refused to sign warrants for the arrest of 500 men who had registered illegally after citizens had filed affidavits against them. Judge Fortune immediately certified to Attorney General Thomas Honan the fact that impeachment proceedings had been brought against Werneke and the attorney general informed the court that he would be in Terre Haute Wednesday. Under the law, a hearing must be had on the complaint within twenty days. Copies of the charges against Werneke were sent to the attorney general last night.

It was said last night that opponents of the investigation will make an heroic effort to have the attorney general of Indiana step in and supersede the prosecutors named by Judge Fortune.

"Little Dick" Werneke is well-known in Greencastle, having often visited relatives here.

VICTIM OF BRUTAL ASSAULT IS BETTER

John Kelly, the O. & I. stone quarry foreman, who was brutally assaulted at the quarry late Friday night, is reported as getting along nicely at the Indianapolis hospital where he was taken Saturday afternoon. There is little doubt but that Mr. Kelly will soon recover from the injuries he received in the attack.

The Italian, whom the police believe to have been guilty of the attack, has not been arrested. It is hoped, however, that his arrest will be made before many days.

BRAKEMAN IS INJURED IN A STRANGE ACCIDENT

J. C. Myers, age 32, of Indianapolis, a Big Four freight brakeman, was badly injured at 10 o'clock Monday night, in an accident which occurred near the Big Four station in this town.

Myers was riding in the cab of an eastbound freight train, when the door of a large freight car on a westbound freight train fell from its hinges and struck Myers, knocking him across the engine. He caught hold of an iron rod just as he was about to go out of the cab of the engine and saved himself from a possible death. Both trains were running at the time of the accident. Myers was badly bruised and cut on the arm and leg. Dr. W. M. McGaughey, the local Big Four surgeon, was called and dressed the man's injuries.

Deputy Sheriff Howard Harris returned from Logansport and Lafayette late Monday afternoon where he had gone in an attempt to locate Charley Bullo, the Italian wanted on a charge of attacking John Kelly, a foreman at the O. & I. quarries. The officer was unable to get any clew regarding the whereabouts of the man.

PLAN SEWER SYSTEM FOR GREENCASTLE

CITY COUNCILMEN INFORMALLY
DISCUSS QUESTION AT MEET-
ING HELD TUESDAY NIGHT—
BELIEVE ADEQUATE PLANT
COULD BE BUILT FOR \$50-
000—BELIEVE EARLY DECISION
IS BEST.

COST WOULD NOT BE GREAT

That a sewer system, adequate to take care of the greater portion of Greencastle can be built for approximately \$50,000 is the opinion of several members of the city council. If this can be done, there is no need of delaying the building of such a system, according to several members of the council, who already have begun to investigate the question preparatory to taking steps in the matter.

The sewer question was discussed informally at the meeting of the city council on Tuesday evening. Several members of the council expressed themselves as opposed to any street improvements until the sewer question had been taken up and disposed of. If the city is to build a sewer system, they say, then it should be built before any street improvements are made. If the council decides not to build a sewer, then it will be time to take up the street improvement work.

Members of the council, who have been investigating the situation, said Tuesday night, that a sewer system, which would take in a territory as far south as Elm street, as far east as Arlington street and as far north as Franklin street and as far west as the city limits, could be built, they believed, for approximately \$50,000.

A system of this kind would take in the greater portion of the town and would supply a sewer for the portions of the city in which it is most needed and demanded. The cost to the property owners, would not be great and they would have ten years in which to pay the costs.

The question was brought up by Councilman Roy Abrams, who stated that he was opposed to any street improvements until the sewer question was disposed of. His assertion started a general discussion of an informal nature. The general opinion as expressed by the councilmen, was that a city engineer should be engaged to make tentative plans and that the council, within the next two months should prepare for beginning the work early this spring, if it is to be done at all.

Mrs. J. W. Luther and daughter, Miss Lorene, left today for Tampa, Florida, where they will visit several weeks. They will also visit in St. Petersburg, Fla., before returning home.

INSPECTION OF PROPERTY IMPORTANT PROVISION OF THE FIRE MARSHAL LAW

One of the chief factors for fire prevention in the Indiana fire marshal law is the liberal provision made for the thorough inspection of all property. Such is the importance, according to the state fire marshal, of the powers given state officials to demand the repair or removal of fire traps if they are found to be a menace in any community.

"The most important work necessary for securing the advance of the fire prevention movement in Indiana," said the state fire marshal, "is that of impressing upon citizens the importance of taking every precaution for the reduction of fire hazards. Strong public sentiment is particularly necessary before the work of inspection can be fully carried out. Citizens should come to regard the suggestions made by the fire marshal for the safe guarding of property as essential to the protection of the entire community. It would only be necessary, then, for the fire marshal to point out the hazards that exist in each city. The citizens would demand an immediate

WILL MAKE A DECISION NEXT WEEK

STATE PENAL FARM COM-
MISSION NOTIFY ELAM DENNY,
CHAIRMAN OF THE LOCAL
COMMITTEE, THAT COM-
MISSION WILL MEET EARLY NEXT
WEEK.

PROSPECTS ARE BRIGHT

Elam Denny today received a communication from Capt. Hart, president of the State Penal Farm Commission in which he stated that the commission would meet in Indianapolis early next week to consider the Greencastle proposition for locating the penal farm here. This probably will be the last meeting of the commission at which a site will be discussed, as it is probable that a decision will be reached at that meeting.

The commission will visit one or two sites this week, one of them being the Putnamville site, it is said, and will next week be ready to make a final decision on the question.

The local committee now has everything in readiness to go before the commission and assure it that all of the requests of the commission will be granted in case the farm is located here.

Generally speaking the outlook for Greencastle securing the farm is bright.

NO HOPE FOR SCHOFIELD.

Relatives of Brazil Man Believe He
is Dead.

BRAZIL, Ind., Feb. 10.—All hopes held by the relatives of B. A. Schofield that he might have escaped death in the tunnel of the Mexico & Northwestern Railway Company vanished this afternoon when Judge John Rawley, brother-in-law of the missing man, received the following telegram from Congressman Moss:

"State department has received official report that Schofield perished in the tunnel. No bodies have yet been recovered."

The telegram received today caused great sorrow among Schofield's relatives and friends, as a ray of hope had been held out that the missing man was in the hands of the Mexican bandits and would soon be released.

Treasurer H. H. Runyan received two checks from the Fletcher American Bank at Indianapolis in settlement for the Cline and Tinch road bonds which it purchased several weeks ago. These are price and interest on the Cline road amounted to \$10,150.77. The sale price and interest on the Tinch road bonds amounted to \$11,956.30.

CHILDREN MUST BE CARED FOR

JUDGE HUGHES TELLS ROACH-
DALE MAN, WHO ASKS THAT
HIS CHILDREN BE SENT TO
ORPHANS' HOME, THAT HE
WILL HAVE TO FIND JOB AND
SUPPORT THEM.

ARE GIVEN TEMPORARY AID

Judge James P. Hughes faced a most trying situation on Tuesday when William Summers, of Roachdale, a middle aged man, who has the appearance and the reputation of being amply capable of supporting a family, appeared before him, with four little children, and asked that the judge take charge of the children and send them to the local orphan's home.

Summers told the judge that, although he is able to work every day, he had been unable to get steady work for several weeks; that the owner of the house in which he lived had ordered him to vacate it and that his four children were near starvation.

He further told the judge that his wife had died a few months ago, and that an older daughter had been caring for the children for the past few weeks.

The judge doubted some parts of the man's story and immediately began an investigation. From people in Roachdale he learned that the man, previous to his wife's death, had been a steady worker and had had no trouble in supporting his family. After her death, however, he seemed to loose ambition and had not attempted to keep in employment. It was intimated to the judge that the man had planned to get rid of his children by getting into such circumstances that he would be able to appeal to the judge to send his children to the home.

After a thorough investigation, the judge told Mr. Summers, that rather than see the children suffer, he would make an order that they be sent to the home for a few weeks. He further told Mr. Summers that he must at once find work and prepare to take his children back and properly care of them.

That he is amply able to support the four children there is no doubt and the judge will see that he does so. Unless the man does as he has been ordered a charge of child desertion may be placed against him. Summers moved from Clay county to Roachdale about a year ago.

Greencastle Camp, No. 3349, M. W. of A. will have an old-fashioned indoor picnic on the evening of February 12th at seven o'clock at the hall of Greencastle Lodge, No. 348, I. O. O. F. on east Washington street. All members of the camp and all members of other camps, who reside in this city, are requested to attend and bring their wives and children. State Deputy Neighbor John D. Voltz, of Indianapolis, and District Deputy Neighbor W. A. McGath of Indianapolis and their wives will be present and a good time is promised to all who attend.

James B. Harris, ex-deputy recorder of Putnam county, is making out a complete list of the dog owners of the state for Henry Clay Glover of New York City. Mr. Glover manufactures a dog medicine and sends out circulars to dog owners. Mr. Harris has undertaken a big task. He must write to the assessors of the 92 counties of the state and get the exact name and address of each dog owner. That's a good many addresses but Mr. Harris says he can handle them in good shape.

will complete her work here this week and will leave at once for Salt Lake City, where she is position as stenographer in the office of a law firm. John Carrol, Clay county stenographer, will do the work of the Putnam county court until another regular stenographer is secured.

The members of the Christian church will observe Home Day next Sunday. The pastor is making every effort to get the entire membership of the church to be present. A sermon on the "Home" will be preached by Rev. A. M. Hootman, pastor of the church.

HOBOS AND TRAINMEN IN BATTLE

A DETECTIVE BACKED UP BY
THE CREW OF VANDALIA EAST
BOUND PASSENGER TRAIN NO.
14, WHICH ARRIVED HERE
ABOUT 8 O'CLOCK THIS MORN-
ING, STAGE BATTLE ROYAL.

THREE MEN ARE ARRESTED

When eastbound Vandalia passenger train, No. 14, due here at 6:34 o'clock in the morning, but which was more than an hour late, arrived in Greencastle Tuesday morning, three tramps, who were riding the blind baggage, started a battle royal, when Vandalia Detective Levi Lauderback and members of the train crew attempted to make them get off the train.

The three men had been drinking and were in an ugly mood when the detective and the members of the crew ordered them off of the train. When the detective and train men attempted to forcibly take them off they started a free-for-all fight which was fast and furious for a few minutes. The detective and trainmen finally were victorious and the three men were placed under arrest and brought to the local jail.

It was not until two of the tramps had been severely punished that they submitted to arrest. One of the men showed no fight at all but attempted to quiet his companions during the trouble. He was arrested and placed in jail but it is probable that he will be leniently dealt with when they are taken before the mayor for trial.

The smaller of the three men was the ugliest of the three. He was not subdued until a large and powerful negro train porter hit him a terrific blow knocking him down and taking all of the fight out of him. The negro struck the man, just as the latter was about to hit a baggage man.

After they were subdued the tramps were loaded into a bus and brought to the local jail. Two of the men claim Evansville as their home, while the third alleges that Indianapolis is his home.

That afternoon the three men were taken before Squire Frank to answer charges of unlawfully boarding a passenger train. Two of them, John Bartlett and William Barner, were fined \$5 and costs, amounting to \$13 each. They were sent to jail to serve the sentences. Tilly Cox, the third man, who had caused no trouble when told to get off of the train was released.

SERVICES OF COLORED BOY ARE REWARDED

Appreciative of the services rendered her when she was caught and badly injured in the collapse of the bleachers on the McKeen athletic field last fall, Mrs. Donald Foster, of Indianapolis, today presented William Pittman, a local colored boy, with a pair of shoes.

Mrs. Foster was caught in the collapse of the bleachers on McKeen field on Old Gold day and her right leg was broken. She was pinned down by the debris in the collapse and in the excitement of the moment, none in the great crowd realized the seriousness of her position excepting the colored boy. The young man immediately went to her assistance and removing much of the debris, lifted a large plank which was pinning the woman to the ground and assisted her to an automobile, in which she was taken to a physician's office.

After her recovery from her injuries Mrs. Foster, who had not forgotten the service rendered her, came to Greencastle and investigated to learn the name of the young man, who had assisted her. Upon ascertaining that Mr. Pittman was the man, she presented him with a fine pair of shoes as a token of her appreciation.

Miss Leonora Eitel is in Indianapolis where she will visit Miss Edna Beerman for a week. Miss Beerman has often visited Greencastle and has many friends here.

PLAINFIELD DEFEATED BY G. H. S

LOCAL HIGH SCHOOL BASKET-BALL TOSSERS ARE WINNERS IN CONTEST PLAYED IN HENDRICKS COUNTY TOWN FRIDAY EVENING—SCORE 18 TO 15—LOCALS PLAY IN GOOD FORM.

SECOND GAME THIS SEASON

The Greencastle high school basketball team defeated the Plainfield high school team Friday night on the Plainfield floor in a fast game. The score was 18 to 15. A special car over the interurban carried 84 enthusiastic rooters to Plainfield and return. The local team played a classy game.

Although handicapped by the size and shape of the Plainfield gymnasium floor, on which the game was played, the Greencastle boys put up a spirited fight throughout the game and came out on top. The floor was very small and of concrete. It is surrounded by unprotected brick walls which is very confusing and dangerous for visiting teams. One basket was set on a back ground of wire. The ceiling was very low and it was difficult to shoot at the basket only at short range.

The team work of the Greencastle team was excellent throughout the contest. The boys have improved their style of play wonderfully during the past few weeks. The game was one of the fastest played by the Greencastle team this season. Short quick passes and good shots at the proper time won the game for Greencastle. Both teams played a comparatively clean game. Eighteen fouls were called during the contest.

The game started with a bang and both teams fought fiercely to score the first points. Two fouls were called on the Plainfield lads and the locals took the lead which was not overcome at any during the game, when Crump caged both fouls. O'Brien, star forward for the locals, followed with two pretty field goals thrown from difficult angles. The Plainfield lads could not handle the fast plays pulled off by Greencastle and several fouls were called on them for using rough tactics. The first half ended with the score 15 to 6 with the locals at the long end.

In the second half the Plainfield lads came back strong and threatened to tie the score several times. Winstead, for Plainfield, registered two field goals during the first few minutes of play. The local boys fouled several times during this stage of the game. D. Winstead, for Plainfield, caged 6 of the 13 foul tosses which ran the score within one point of the locals. With the score about even, a desperate fight for supremacy occurred in the last few minutes of play. Crump caged two field goals and put the game on the ice. The whistle blew with the score 19 to 18.

The work of the local guards was especially good. Many plays were broken up by McIntosh and Reel. Pope, for Plainfield, played a good defensive game. O'Brien, the diminutive forward of the local team, was the shining light of the game. He caged the ball four times during the game. Crump was a little off form tossing the ball from the foul line,

making only 3 of his 8 attempts.

Coach Johnson was highly elated over the outcome of the game. The Greencastle basketball teams which have previously played in Plainfield have not been able to handle the ball on that floor. The local coach said after the contest Friday night that the Greencastle lads played the best game of the year. Their style of play was clean and their passing was very quick and accurate.

The Greencastle team was well supported at the Plainfield game. A special car leaving the interurban station at this city at 6 o'clock carried 84 students of the high school and local supporters. Spirited rooting by the Greencastle supporters featured the contest. Clark "Soda" Bridges and Jasper Adams, two musically inclined colored men of this city furnished some good music with a mandolin and guitar on the way to and from Plainfield.

The next game played by the locals will be staged on the Armory floor with the Bloomington high school team next Friday. The locals were defeated by the Bloomington team in a game played on the Bloomington floor earlier in the season. The Greencastle boys have improved in their team work and basket-tossing since that game and expect to defeat the Monroe county lads.

The lineup and summary of the game was as follows:

G. H. S.	Position	P. H. S.
Small	L. F.	Johnston
O'Brien	R. F.	F. Winstead
Crump	C.	D. Winstead
Reel	L. G.	Storms
McIntosh	L. G.	Pope
Referee	Hanna of Purdue	Umpire
Referee	Lewis	Field goals
4; Crump, 3; Small; F. Winstead, 4; D. Winstead, 2. Foul goals—Crump, 3; D. Winstead, 6. Times of halves—20 minutes.		

COUNTY TAX SALE WAS HELD MONDAY

County Treasurer Henry Runyan Monday held the annual Putnam county delinquent tax sale.

The township in which the land is located, owner, amount of delinquent taxes and the purchaser of each are as follows:

Jackson Township.
Mary E. Ashcraft, \$9.96. No sale.
Franklin Township.
Wm. C. Dixon, \$45.81—Chas. McGaughey.
Cora A. Dixon, \$46.99—Chas. McGaughey.

Roachdale Town.
W. L. Chamberlain, \$30.35. No sale.
Russell Township.
Mary E. Blake, \$15.2. No sale.
Matthew L. Pope, \$9.65—J. A. Guiliams.

Clinton Township.
Charley Miller, \$14.73. No sale.
Floyd Township.
John W. Iddings, \$230.25—Sol Sudranski.

Greencastle Township.
Jane Ford, \$21.02—Jack Boyd.
Aaron Wood, \$13.78—Wm. Sutherland.

Columbus West, 61c—Jack Boyd.
Carey Alston, \$15.56—Jack Boyd.
Edward Due, \$38.47. No sale.
Julia F. Hall, \$23.55. No sale.
Spear Pitman, \$1.64—Spear Pitman.

James Clancey, \$9.88—F. Rockhill.
George E. Tasley, \$11.71. No sale.
Jno. Plummer, \$33.08—Frank Lyon.

Washington Township.
M. J. East, \$18.30—Nancy B. Earnhart.

Warren Township.
Wm. M. Peterson, \$48.72—Sol Sudranski.

Cloverdale Township.
John Fellows, \$67.60. No sale.

Mrs. L. Kirby Allen left today for the east, to be several months with her sister, Miss Hortense DeVore, of New York, and Miss Marjorie DeVore, of Greenwich, Conn. Mrs. Allen will continue her vocal studies and will take up aesthetic dancing. Mr. Allen is at DePauw university, taking a preparatory course in journalism, and will later join Mrs. Allen and complete his studies at Columbia university.—Indianapolis News.

Mrs. Harry Maxwell and sons, Phillip and Donald, spent Sunday with Mr. Maxwell at Bedford where he has charge of the music at a series of revival meetings at one of the churches of that city.

BELIEVE AN ITALIAN IS GUILTY MAN

OFFICERS SECURE EVIDENCE WHICH LEADS THEM TO BELIEVE THAT LABORER WHO HAD TROUBLE WITH JOHN KELLY AT O. & I. QUARRIES, IS MAN WHO BRUTALLY ATTACKED HIM FRIDAY NIGHT.

HAVE WARRANT FOR ARREST

Evidence secured by Sheriff Theodore Boes and Marshal John Cooper indicate that an Italian, known as Charley Bullo, formerly employed at the O. & I. Stone Quarries, west of town, is guilty of the brutal attack on John Kelly, a foreman employed by the quarries, at the quarry Friday night.

Bullo, the officers say, had trouble with Kelly on Thursday and at that time quit his job. He was around the quarry Friday morning but came to Greencastle Friday afternoon bringing with him his suit case.

It is believed that Bullo returned to the quarry late Friday evening and hid near the office where he waited until Kelly passed him, when he brutally attacked him. Bullo is a powerful man.

Bullo was in Greencastle late Friday night and was seen by several men. Had the attack on Kelly been reported to the officers there would have been no trouble in arresting the man whom the officers believe to be guilty.

The officers secured evidence which would lead them to believe that Bullo is guilty on Sunday morning, when several employees at the quarry were brought to the sheriff's office, where Prosecutor William Sutherland, Sheriff Boes, Marshal Cooper and Matt Murphy, the latter representing the quarry company, questioned them for several hours.

From these men it was learned that Bullo and Kelly had trouble on Thursday, when Kelly ordered Bullo to raise some switch tracks. Bullo refused to do the work the foreman ordered him to do and Kelly told him he could either do the work or quit. The man quit.

Later in the day he made several threats to other employees saying that he would get even with Kelly. Friday afternoon he left the quarry coming to Greencastle. Some time Friday night he left town but the officers were unable to learn on what road he left or where he went.

As Bullo has a brother in Logansport, it is believed by the officers that he might have gone there and Deputy Sheriff Howard Harris was sent to that town Sunday evening to be on the lookout for him. The Indianapolis police department were notified and are keeping a lookout for the Italian. It is believed his arrest is only the question of a few hours.

Today more evidence was secured against Bullo. The night watchman at the plant stated today that he saw the Italian soon before he found Kelly lying beside the railroad tracks. The watchman stopped the Italian as he was running away, to ask him what the trouble was. The Italian told him to get out of the way and let him go. He then continued to run away from the camp. Earlier in the evening the watchman met Bullo, who acted as though he was going to attack him. After getting close enough to ascertain who the watchman was he said something about "being the wrong man" and went away.

The officers have ample evidence to convict Bullo if he can be arrested.

Two Divorce Suits Filed.

Two divorce suits were filed in the Putnam Circuit Court Monday afternoon. Both plaintiffs charge the defendant with cruel and inhuman treatment.

Bessie Bruner asks for a divorce from George Bruner and asks for the custody of the child. Mrs. Bruner alleges that her husband left his family and went to Mattoon where he has remained since. He is employed with the Big Four Railroad at Mattoon. Wm. Sutherland is the attorney for the plaintiff.

Lucy E. McCurry asks divorce from Walter McCurry. The plaintiff alleges that the defendant possesses a bad temper and that he was very cruel and threatened to kill her. Theodore Crawley is the attorney for the plaintiff.

FORTY AUTOMOBILE FIRES IN INDIANA RESPONSIBLE FOR TOTAL LOSS OF \$8,736

More than forty automobile fires, causing a total loss of \$8,736, have been reported to the state fire marshal since the establishment of his office last May. But six resulted in the total destruction of the machines.

The causes of Indiana automobile fires, as shown by the statistics gathered by the fire marshal, are:

Gasoline explosion	12
Defective wiring	3
Overhead exhaust	1
Carelessness with matches	2
Adjoining fire	1

Of all the automobile fires reported, twenty-two were of unknown origin.

"Gasoline is naturally the chief cause of all automobile fires," said the fire marshal. "Since the explosions which occur not only result in fire but very often in serious injury as well, owners cannot be too careful in seeing that hazards are minimized."

"One of the most dangerous practices followed by automobile owners is the use of gasoline for cleaning the machine in a closed garage. This is doubly dangerous if the gasoline is sprayed from a tank by air pressure, since the liquid quickly vaporizes and fills the garage with a highly explosive mixture of air and gas. But one pint of gasoline will make more than 200 cubic feet of air very explosive."

The fire marshal recommends especially that all automobile owners take particular precautions against fire in the garage.

No driver should put up his machine, according to the fire marshal, without first seeing that the lights are out, the engine cool and that there are no sparks resulting from loose battery connections. Smoking, says the fire marshal, is particularly dangerous about the garage.

For extinguishing automobile fires, the fire marshal recommends the use of the small pyrene extinguisher. Every automobile driver is advised to carry fire extinguishing apparatus with him in his car at all times.

CONVENTION TO BE HELD ON MARCH 24

DISTRICT CHAIRMAN JAMES L. RANDEL WILL CALL A MEETING OF THE DISTRICT COMMITTEE TO MEET IN TERRE HAUTE NEXT FRIDAY TO ARRANGE FOR CONGRESSIONAL CONVENTION.

MOSS ONLY CANDIDATE

James L. Randel has called a meeting of the Democratic District Committee to be held in Terre Haute on next Friday at which time a definite date and place for the holding of the Fifth District Congressional Convention will be decided upon.

It is probable that the convention will be held in Terre Haute on March 24. At least that is the tentative date and place. The committee, of course, will have to make the official announcement of the date and place. Several of the committeemen have stated that the tentative plans are satisfactory to them and in all probabilities there will be no change from the above.

So far only one candidate, Congressman Ralph W. Moss, has announced his candidacy for the nomination and he probably will have no opposition.

Mrs. Frank F. Hutchins, of Indianapolis, chairman of the literature committee of the state federation, has called a meeting of the committee Friday February 13, at 10:30 a. m. at the Claypool hotel at Indianapolis. The members of the committee are: Mrs. John R. Miller, Greencastle; Miss Clara Gilbert, Kendallville; Mrs. William Weldon Lambert, Columbus; Mrs. Eva Marble Bondy, Valparaiso; Mrs. David Rosenbaum, Mt. Vernon; Mrs. Ollah P. Toph, Mrs. Kate Milner Rabb and Mrs. Demarchus C. Brown, of Indianapolis. Any suggestions for the advancement of the work of this department, which club members may wish to make, will be appreciated. Send such communications to Mrs. Hutchins, 507 North Delaware street, before Friday.—Indianapolis News.

Mr. and Mrs. Edward Baden, of Indianapolis, spent Saturday night and Sunday here with the latter's parents, Mr. and Mrs. John Crawley.

ROYAL BAKING POWDER

ABSOLUTELY PURE

Insures the most
delicious and healthful food

By the use of Royal Baking Powder a great many more articles of food may be readily made at home, all healthful, delicious, and economical, adding much variety and attractiveness to the menu.

The "Royal Baker and Pastry Cook," containing five hundred practical receipts for all kinds of baking and cookery, free. Address Royal Baking Powder Co., New York.

LIVE STOCK SALE

I will offer for sale at public auction on the James Buis farm, one mile north of Broadpark, 4 miles south-west of Stilesville and 6 miles south of Coatesville, on

Wednesday, Feb. 18, 1914.

at 10 a. m., the following described property:

Twelve Head of Mules—These mules are 3-year-olds, sound, well-broke, half mares good size, and are ready for the harness. Anyone looking for a good team would make no mistake in buying a pair of these mules.

Ten Head of Cattle—These cattle are all coming 2-year-old heifers and will calve soon. This is a nice lot of heifers, many suitable for milch cows.

Twenty-five Head of Hogs—Twenty-four brood sows, 14 to farrow this spring, and one Spotted Poland Boar. Ten thoroughbred Duroc gilts.

Fourteen Head of Sheep—Thirteen breeding ewes and one buck. Ewes will bring lambs the first of March.

Hay and Corn—Four stacks of timothy hay and two to three hundred bushels of corn.

CORNIE L. BUIS.

Col. G. R. Brown and Col. George West, Auctioneers.
Gilbert Dorsett and Chester Pike, Clerks.

Arnold Bros. will serve lunch.

HORSE REVIEW GIVES BIG BOOST TO ERNEST McHAFFIE

The Horse Review of Wednesday, January 28, 1914, in an article written by Walter Moore, says:

I believe one of the most reliable breeders and business men that I know personally is M. E. ("Ernie") McHaffie, of Stilesville, Ind., and while we all may follow a wrong lead some time, I regard his business judgment and Forest Home Stock Farm, the McHaffie stock farm, which has been quite highly, and he stated to me that

some one just had to breed horses to win the enormous amount of money that is being offered now by the numerous fairs and trotting associations. Mr. McHaffie has lately come into possession of the popular western sire Early Reaper 2:09 3/4, by lease from the estate of the late Captain Boie, a landmark in Indiana for many years, has at last secured a stallion worthy of its name and surrounding.

I have seen Early Reaper on a good many occasions, but he has never appeared to better advantage than he did last week, as he is not too fat nor too thin, but is in that rugged healthy condition that most of a would style "just right." Of the thirty-six in the Early Reaper speed list it is to be said that no horse has sired a greater percentage of good horses than this son of Highwood 2:21 1/4.

There are few better equipped harness horse farms in Indiana than Forest Home, as it has all the necessary improvements in the way of track and an abundance of pasturage and I feel a thrill of personal pleasure that it is again in the breeding ring. "Ernie," as every one knows him through the central states, expects to work and will race a few this summer. Those he showed me out of which he expected to pick a winner or two, included a nice looking four-year-old gelding by Forest King. A brother of Corporal Charles, 2:26 1/4, by Via Remorseful 2:08 3/4, has a pretty good record for next year on a work-out mile in 2:20 as a two-year-old.

Another trotter that has trialed well is the brown mare Nina Lane, by America 2:11 1/4, dam by Lynwood 2:20 1/2, sire of Sonoma Girl 2:04 1/2, she also worked around the 2:20 mark. Bonnie Direct, 2:05 1/4, is still at the McHaffie farm, though owned in California. Like Early Reaper, he looks well, and if not sold, will make the present stud season there. One of the nicest colts at the farm is a Bonnie Direct two-year-old filly out of Forest Beauty, dam of Forest King, 2:16 1/4.

SLOAN'S LINIMENT

relieves rheumatism quickly. It stimulates the circulation—instantly relieves stiffness and soreness of muscles and joints. Don't rub—it penetrates.

Rheumatism Never Returned

"I am a travelling man and about one year ago I was laid up with rheumatism and could not walk. A friend recommended Sloan's Liniment and the morning after I used it my knee was all O.K. and it has never bothered me since. I always keep your Liniment in the house and carry it with me on the road."—Mr. Thomas S. Barker, West Philadelphia, Pa.

Rheumatism Neuralgia

Stiffness Vanished

"I suffered with an awful stiffness in my legs. That night I gave my legs a good rubbing with Sloan's Liniment and believe me, next morning I could jump out of bed. I have been supplied with a bottle ever since."—Mr. A. Moore of Manchester, N. H.

Sprained Ankle Relieved

"I was ill for a long time with a severely sprained ankle. I got a bottle of Sloan's Liniment and now I am able to be about and can walk a great deal. I write this because I think you deserve a lot of credit for putting such a fine Liniment on the market and I shall always take time to recommend Dr. Sloan's Liniment."—Mrs. Charles House of Baltimore, Md.

Sloan's Liniment gives a grateful sensation of comfort. Good for sprains, neuralgia, sore throat and toothache. Use it now.

At all Dealers, 25c., 50c. and \$1.00

ECZEMA BROKE OUT IN WATER BLISTERS

Scratched It So Hard All Sore, On Hand, Then on Legs. Cuticura Soap and Cuticura Ointment Cured in Six Weeks.

748 Congress St., Chicago, Ill.—"My eczema broke out like little water blisters. Each one was full of water and would itch until I would scratch it open, then the water would run out and it would get sore. I first got the eczema on the back of the hand and I scratched it so hard I made it all sore. Then I got it on my legs just above the ankle and above the knee.

"I used what they call and it stopped the itch but it got worse. Then I used Cuticura Soap and Ointment in the paper. I wrote for a sample of Cuticura Soap and Ointment and I tried them and then bought some more. Cuticura Soap and Ointment left my sores nice and smooth. I used them for six weeks, and am now cured; the eczema left no marks." (Signed) F. W. Horrich, Oct. 19, 1912.

Although the Cuticura Soap and Ointment are most successful in the treatment of affections of the skin, scalp, hair and hands, they are also most valuable for everyday use in the toilet, bath and nursery because they promote and maintain the health of the skin and hair from infancy to age. Cuticura Soap (25c.) and Cuticura Ointment (50c.) are sold everywhere. Liberal sample of each mailed free, with 32-p. Skin Book. Address post-card "Cuticura, Dept. T, Boston."

Public School Report.

The fifth month of the public schools was ended with Friday's sessions. Chickenpox was its chief hindrance, but fine weather was in its favor, so good record is the result. The per cent. of the average daily attendance has been reported in as follows: For the entire system of schools it is 98.1 per cent. The following schools rank above this mark or equal to it:

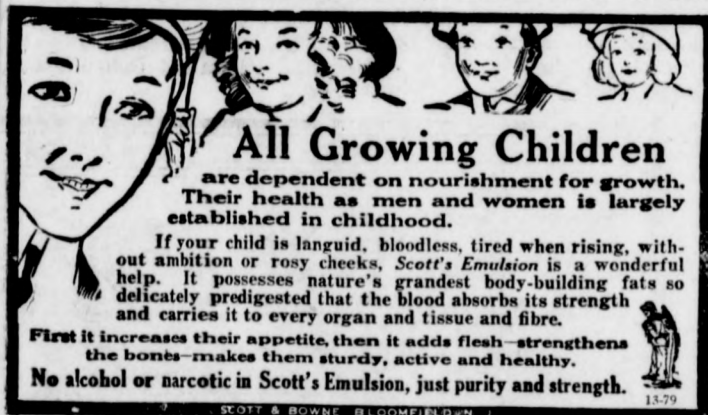

First Year High School 99.6
Grades 7 and 8, No. 1 98.7
Grades 3 and 4, No. 1 98.3
Grades 1 and 2, No. 1 98.3
Grades 5 and 6, No. 2 98.1
Fourth Year High School 98.6
Grades 5 and 6, No. 1 98.5
Grade 2, No. 1 98.9
Grades 7 and 8, No. 2 99.3
Grades 3 and 4, No. 3 99.0

The premiums go to the schools of Miss Etta Adams and Mrs. Amy Smith. The first semester is past. A number of pupils failed to make a satisfactory class standing. The greater number of these fell below the mark because they studied too little at school and none at home. They probably succeeded in making their parent believe that there is no need of home study in their cases notwithstanding a large majority of pupils find this very necessary. It is a salutary belief, but it seldom works out well in practice. It is sweet to believe the children, but on questions of school work, it is wiser to listen to the teachers. This is a warning to the wise, only.

H. G. Woody, Supt.

Stops Falling Hair

Hall's Hair Renewer certainly stops falling hair. No doubt about it whatever. You will surely be satisfied.

All Growing Children
are dependent on nourishment for growth. Their health as men and women is largely established in childhood.

If your child is languid, bloodless, tired when rising, without ambition or rosy cheeks, Scott's Emulsion is a wonderful help. It possesses nature's grandest body-building fats so delicately predigested that the blood absorbs its strength and carries it to every organ and tissue and fibre.

First it increases their appetite, then it adds flesh—strengthens the bones—makes them sturdy, active and healthy.

No alcohol or narcotic in Scott's Emulsion, just purity and strength.

MURDEROUS ATTACK ON JOHN KELLY

FOREMAN OF I. & O. STONE COMPANY, IS IN SERIOUS CONDITION AS RESULT OF BEING STRUCK ON HEAD WITH PICK HANDLE AT THE QUARRIES WEST OF TOWN FRIDAY NIGHT—UNCONSCIOUS SINCE THE ATTACK—MYSTERY SURROUNDS AFFAIR.

OFFICERS INVESTIGATING

Struck on the head with a pick handle, by some unknown assailant, John Kelly, age 50, a foreman at the Indiana & Ohio Quarries, just west of town, was so severely injured at about 7:30 o'clock Friday night, that his death may result.

Kelly was struck four times by his assailant. Each blow was struck on the back of his head, the last three probably after he had fallen. Each blow cut his scalp from the crown of his head down to his neck, and each was struck with such force that the skull was cracked, although it was not fractured.

Kelly has been unconscious ever since he was found by other employees at the quarry, which would indicate that his brain was injured in the attack. His condition is critical.

Although the man was found at about 8 o'clock Friday night, the officers were not notified until nearly 9 o'clock Saturday morning when a representative of this paper informed them of the attack. A short time later officers in the general offices of the stone company in Indianapolis called the sheriff and asked him to investigate. At about 10 o'clock Sheriff Theodore Boes and City Marshal John Cooper went to the quarry to begin an investigation of the affair.

Kelly had been at the I. & O. quarries for about two months, having come here from Middletown, Ohio, where he was employed by the same company in another quarry. He was foreman of the dirt moving gang at the quarry.

Friday evening at about 7:30 o'clock he left the dining house at the quarry, where all of the men eat their meals and had started for the quarry office, where he sleeps. At about 8 o'clock Frank Henderson, night watchman, while walking down the switch tracks toward the office found Kelly lying on the ground beside the tracks. Henderson called assistance and Kelly was carried into the office, and Dr. W. M. McGaughey was called.

Beside the man lying on the ground was found an old pick handle which the assailant had used in his assault upon Kelly. The man evidently had been hiding behind a large post at the stone mill. As Kelly walked by

on his way to the office the assailant stepped out from behind the post and struck him a terrible blow.

Kelly evidently fell when the first blow was struck. He was found lying on his face. Evidently the man had been struck three times after he had fallen. Beside the injuries on his head, Kelly is suffering a badly bruised left arm.

The men at the quarry cannot give any clues which would lead to identity of the man who attacked Kelly. They say that they do not know of any enemy he had around the quarry.

Why the officers were not notified of the attack by the men at the quarry on Friday night is not known. Dr. McGaughey called the superintendent in the main offices in Indianapolis this morning, shortly after The Herald representative had told the officers of the attack, and told the superintendent that the matter had not been reported to the sheriff. The superintendent immediately called the sheriff by long distance and asked him to investigate the case.

The Indianapolis office instructed Dr. McGaughey to do everything possible for the injured man and it is probable that he will be taken to an Indianapolis hospital tomorrow. Kelly has been employed by the company for more than thirty years and is said to be one of their most trusted and best men.

MARRIAGE LICENSES.

Harry Lamser and Ethel Dicks, both of Filmore.

The new fire horse that was purchased by the city Monday has been named "George," in honor of Councilman George Dobbs, who is the chairman of the committee on public safety. The new member of the fire department is learning fast to get in the harness at the sound of the gong. The dunn team which may be sold soon are working to the ladder wagon. The new horse and "Charley," the bay horse which has been in the fire service for 12 years, are working to the hose wagon. The large bay which has been working to the ladder wagon with "Charley" is being kept at the Champer livery barn until a good mate is found for him that can work to the ladder wagon.

ANDY BLACK REDUCES THE PRICE \$1,825

SECOND MASS MEETING OF THE GREENCASTLE PEOPLE TO CONSIDER THE PENAL FARM SITUATION IS HELD FRIDAY NIGHT—F. M. LYON REPORTS THAT MAN WHO HAD BEEN HOLDING UP NEGOTIATIONS HAD CONSENTED TO CUT OF \$5 AN ACRE ON HIS LAND.

START SUBSCRIPTION PAPER

With the announcement Friday evening that Andrew Black, who had been holding up the negotiations of the local committee for the location of the penal farm near Greencastle, had consented to reduce the price of his land \$5 an acre, which totals a reduction of \$1,825, the prospects for landing the farm are brighter this morning than they have been for several days.

With this reduction the price of the land now is just \$2,735 above the amount appropriated by the state for the purchase of a site.

The announcement of Mr. Black's action in reducing the price of his land, was made Friday night at the mass meeting of Greencastle citizens, held in the assembly room of the court house to consider the penal farm proposition. The assembly room was filled to capacity when the meeting was called to order by Elam Denny, chairman of the local committee.

As soon as the meeting had been called to order, F. M. Lyon, a member of the local penal farm committee, announced that he had a communication from Mr. Black, which he desired to present.

The communication, which was read, is as follows:

Greencastle, Ind.
Feb. 6th, 1914.
To Mr. F. M. Lyon:—
In response to the request of the citizens' committee for a reduction in the price of the land for which I have heretofore given you an option; I now make the following proposition:
In order to aid your committee in securing the lands which you desire for the location of the Indiana Penal Farm, I agree that the option which I heretofore gave you may be modified and changed in this: Instead of the price stated in said option I will reduce the price to twenty-one thousand nine hundred dollars (\$21,900.00); which I deem to be a concession of eighteen hundred and twenty-five dollars (\$1825) made by me, to aid you in securing the lands you desire.

All the rights granted to you, by my option are unchanged except that the price to be paid for land shall be twenty-one thousand nine hundred dollars (\$21,900.00); instead of the price stated in that option.

Yours truly,
ANDREW A. BLACK.

The announcement of Mr. Black, that he would reduce the price on his land \$5 an acre, met with the hearty approval of the citizens who were present and several men gave short talks commending Mr. Black upon his action.

This reduction coupled with that of Earl Durham, who at the last mass meeting consented to cut the price on his land from \$11,700 to \$11,500 leaves the price of the land just \$2,225 above the amount appropriated by the state.

The land owners, number of acres and prices, as they now stand, are as follows:

Owner	Acres	Am't	Asked
Andrew Black	365	\$21,900	
Earl Durham	71	11,500	
Jacob Knauer	40	4,800	
George Knauer	24	1,400	
John Dunbar	54	9,000	
Alex Lockridge	115	9,000	
Joseph Gillespie	141	4,935	
Clem Knauer	1	200	
Total	818	\$62,735	

Following the discussion of the announcement of Mr. Black, Mr. Denny, Dr. G. W. Bence and others discussed the penal farm proposition showing that it would be a great benefit to the city of Greencastle.

Then it was suggested that a subscription be taken up to raise the \$2,735 still needed to get the land within the appropriation. The first man to answer this call was Alex Lockridge, who subscribed \$250 toward making up the deficiency. His subscription was closely followed by others and in a few minutes more than \$1,000 was raised. The exact amount raised at the meeting Friday night was \$1,165, which left a balance of \$1,670 which must be raised.

In order that the amount might be raised at once a committee of which C. L. Airhart is chairman, and

consisting Ferd Lucas, C. C. Gautier, J. F. Cannon, Roy Abrams, P. C. Hill, A. B. Hanna, William Graham, E. L. Harris, Fred Thomas, Robert Hamrick and S. C. Sayers was appointed.

This committee met this morning and divided into three committees of four men each which immediately went to work to secure the additional subscriptions.

The subscriptions secured on Friday night are as follows:

Alex Lockridge	\$ 250
A. B. Hanna	50
G. W. Bence	50
Thomas Buggy Co.	75
C. H. Barnaby	100

COUPLE ELOPE AND WED IN TERRE HAUTE

Byram A. Conzers and Miss Bertha May Thornburg, the daughter of Mr. and Mrs. Jesse Lewman of this city, eloped Saturday morning and were married in Terre Haute.

The young couple secured their license of County Clerk Hamrick Saturday morning at 8 o'clock. They left on the 8:38 interurban car for Terre Haute where they were united in marriage by the Rev. George Dorsey, pastor of the Central Christian church of that city. The bride is 17 years old and the groom is 22. The bride is one of the popular young ladies of the city and is a sophomore in the local high school. Mr. Conzers is employed with the interurban company of this city. Mr. and Mrs. Conzers will make their home at the Grand Central Hotel.

REPUBLICANS OF PUTNAM ORGANIZE FOR CAMPAIGN

The Republicans of Putnam County met in the council chamber of the fire department Saturday afternoon and organized for the coming campaign. Arthur Reat, ex-treasurer of Putnam county, was elected county chairman. Allen Moore was elected vice chairman and Roy Abrams treasurer. Delegates and alternates were elected to represent Putnam county in the district convention which will be held in Terre Haute Tuesday.

The delegates and alternates to the convention were elected as follows:

Greencastle—T. T. Moore, delegate; Roy Abrams, delegate; W. H. Graham, alternate; Fred Hixon, alternate.
Greencastle township—John Cox, delegate; George Browning, alternate.
Madison and Clinton—G. E. Lloyd, delegate; John Laymon, alternate.
Cloverdale—J. W. Thornburg, delegate; G. D. Applebee, alternate.
Marion and Jefferson—A. O. Hunter, delegate; Frank Meek, alternate.
Washington and Warren—A. D. Chew, delegate; Lute Evans, alternate.

Death of Pressley C. Moore.

The death of Pressley C. Moore occurred at his home in Clinton township Monday at 3:20 o'clock. The deceased was 64 years old. His death was caused by locomotor ataxia. The funeral was held at the Bethel church near Brick Chapel at 1:45 Wednesday afternoon. The services were conducted by the Rev. Dawson, pastor of the Bethel M. E. church. The interment was in the Baptist cemetery northwest of the city.

RESIGNATION OF MRS. DOLL IS ACCEPTED

EFFICIENT SECRETARY OF THE CIVIC LEAGUE, AFTER TWO YEARS' SUCCESSFUL WORK, FINDS DUTIES WILL PREVENT HER FROM CONTINUING AS WORKING HEAD OF ORGANIZATION.

NEW OFFICERS ELECTED

At a meeting of the Civic League held in the Locust Street Church Sunday afternoon, the resignation of Mrs. E. B. Doll, secretary of the association for the past two years, was received and accepted. The resignation of Mrs. Doll, who has done most efficient work as secretary of the organization, was necessitated because of her being unable to do the work in the future. Other duties which occupy much of her time prohibit her from continuing as secretary of the Civic League. As yet no one has been selected to succeed Mrs. Doll.

The meeting held Sunday afternoon was for the purpose of reorganizing for the ensuing year. The Civic League was organized about two years ago, Mrs. Doll being elected secretary at a salary of \$500 a year, when the organization was perfected. The organization has succeeded well in carrying out the objects in view at the time of organization.

Many civic enterprises have been undertaken. The beautifying and cleaning up of the town has been looked after by the league. The poor have been cared for and their conditions bettered. The boys' club, a highly successful organization, has been promoted and placed on a sound and substantial basis. In fact many things which are for the betterment of the city have been done.

The churches have had much to do with the success of the league. The executive committee has been composed of the pastors of the several churches and several other Greencastle citizens who are interested in benevolent work.

At the meeting Sunday afternoon the following officers were elected for the ensuing year.

President, H. C. Allen.
Vice President, Rev. B. D. Beck.
Recording Secretary, Mrs. John R. Miller.
Treasurer, Miss Wilhelmina Lank.

CITY PURCHASES NEW HORSE FOR FIRE DEPT.

The public safety committee of the city of Greencastle on Monday purchased of Ezra Champer, a 5-year-old bay horse, which will be used in the fire department. One of the horses in the department is in such a broken down condition that the purchase of a new horse was made necessary. The committee paid \$200 for the animal. The horse will be worked with the smaller bay horse which has been used on the ladder wagon and as soon as it is trained sufficiently the bay team will be placed in service on the hose wagon.

GIRL INJURED IN RUNAWAY ACCIDENT

Miss Clara Flint, the daughter of Mr. and Mrs. Herman Flint, who reside near Brick Chapel, was injured in a runaway accident Saturday night. A fractious horse the young lady was driving became frightened and turned the buggy over. Her collar bone was broken.

Miss Flint, in company with two other young ladies, were on their way to a school house west of Brick Chapel to attend a meeting of a literary society. The horse they were driving frightened near the home of Robert Watson and became unmanageable. The buggy was overturned and the Flint girl was thrown to the ground and her collar bone broken. The other girls were not injured.

The young lady was taken to her home near Brick Chapel and a physician was called from this city.

After having been out for about 20 minutes the jury in the case of Ida M. Gorton of Washington township against the Terre Haute, Indianapolis & Eastern Traction company in which Mrs. Gorton asked \$100 for damages for a steer killed by a traction car, returned a verdict giving Mrs. Gorton damages of \$77. Trial of the suit was begun Saturday morning and the trial consumed the entire day.

I earnestly solicit the support of my Democratic friends and assure you your support will be greatly appreciated. I regret that I will be unable to see all of the voters personally. Thanking you in advance for your support, I am, yours respectfully,
J. H. Carpenter.

For Coroner.

Dr. C. T. Zaring of Greencastle announces that he is a candidate for Coroner of Putnam county subject to the decision of the Democratic primary.

For Assessor of Greencastle Township.

James M. Wood announces that he is a candidate for assessor of Greencastle township subject to decision of the Democratic primary.

Notice of Final Settlement of Estate.

Notice is hereby given to the creditors, heirs and legatees of Quinton Broadstreet, deceased, to appear in the Putnam Circuit Court, held at Greencastle, Indiana, on the 6th day of March, 1914, and show cause, if any, why the Final Settlement Accounts with the estate of said deceased should not be approved; and said heirs are notified to then and there make proof of heirship, and receive their distributive shares.

Witness, The Clerk of said Court, this 11th day of February, 1914.
Arthur J. Hamrick, Clerk Putnam Circuit Court.

Notice to Contractors.

Notice is hereby given that the Board of Commissioners of the county of Putnam, State of Indiana, at the County Auditor's office in the City of Greencastle, Indiana, on the 2nd day of March, 1914, up to the hour of 2 o'clock p. m. will receive sealed proposals for the construction of a metal book filing case to be placed in the office of the Recorder of Putnam County, Indiana, as ordered by the Board, to be constructed, and at said time will let to the lowest responsible bidder (or bidders) the contract for its construction, according to the specifications and drawings on file in the Auditor's office of said county, at Greencastle, Indiana.

C. L. Airhart, Auditor of Putnam County, Indiana. It H-D Feb 13.

THAD PECK CHAIRMAN OF DISTRICT MEETING.

TERRE HAUTE, Ind., Feb. 11.—Republicans of the Fifth District, in convention at the court house yesterday afternoon, re-elected John G. Bryson of Brazil district chairman, the action being by unanimous vote. The convention was held in the Circuit Court and every action was made without a contest. Charles T. Peck of Putnam County was chosen chairman of the meeting, and William Shepherd of Terre Haute was elected secretary.

After a short speech by Mr. Peck the committee appointments were announced and reports were called for. The credentials committee had easy sailing, reporting no contests. The only committee that really had any work was the resolutions body which reported a declaration of faith in which was reviewed the great era of progress under former Republican administrations. The resolutions endorsed the action of the Republican national committee in reducing the Southern representation in the national conventions and also declared in favor of reducing the membership of the national House of Representatives. The resolutions were signed by H. A. Henderson, A. A. Wolf, C. T. Peck, W. W. Moore, Chester Pike and G. E. Bingham.

Mr. Bryson's name was placed in nomination by Harold A. Henderson of Parke county, who paid a tribute to the district leader. The choice was unanimous. The feature of the convention was a short talk made by a colored minister, who praised the action of the nation committee in reducing the Southern representation to the national committee.

The faculty of the local high school has purchased a new Universal Balopticon machine to be used for illustrated class recitations. The machine was purchased with the money which was cleared on the carnival which was held at the high school building several weeks ago. The machine cost \$170. It has a powerful magnifying power. A powerful mirror make it possible for a picture or any sort of any object to be thrown on a screen arranged in one of the class rooms. It has also a common stereopticon attachment in which slides are used. It arrived Tuesday and will be installed in one of the class rooms immediately. Illustrated lectures may be given with this machine to a good advantage.

Two Terre Haute men have leased many acres of farm lands in south Putnam. Seventeen oil and gas leases were presented to the county recorder Tuesday afternoon. A total of 3,085 acres has been leased. C. O. Renscher has leased a total of 810 acres and T. A. Shanley et al has leased 2,274 acres. The people of south Putnam have been excited by the leasing of many acres of prospective oil land. The men leasing the land expect to sink wells some time this spring.

THE OILING OF STREETS DISCUSSED

F. M. LYON, CITY ATTORNEY, TELLS CITY COUNCILMEN THAT HE BELIEVES THAT LAW WHICH PERMITS CITY TO DO THE WORK, IS IMPRACTICABLE—TWO PLANS ARE POSSIBLE—PROBABLY UP TO THE INDIVIDUAL PROPERTY OWNERS.

REGULAR MEETING HELD

In response to the requests of several citizens the question of the oiling of the city streets by the city, was taken up for discussion at the regular meeting of the city council held in the council chamber Tuesday evening.

Under the law there are two methods by which the city may oil the streets, but in the opinion of the city attorney, F. M. Lyon, each of the plans would be impracticable in Greencastle.

The first plan is by ordinance. If this method were adopted an ordinance would have to be passed, which would necessitate publications, which would cost several dollars. Then the citizens could file remonstrances. The adoption of this plan would cause a great expense and much work. The same processes would have to be gone through as in the building of a new street.

The other plan would be for the city to pay the cost of oiling the streets out of the general fund, the cost to be added to the general tax for the city. If this were adopted then the council would be called upon to oil every street, improved or unimproved in the city. If some streets were oiled and others were not, then the council would be showing preference to some property owners, as the entire town would have to be taxed to pay the cost.

Mr. Lyon stated that in the past years the citizens themselves had oiled the streets and that plan was the most economical and satisfactory. If Greencastle streets are oiled this summer, it is probable that the property owners themselves will have to attend to the work.

The council meeting Tuesday night was short. Everyone was present, although Elmer Crawley, representative from the second ward was a little late in taking his seat. The business of the evening was soon over and the meeting adjourned at 7:30 o'clock.

Councilman Eugene Schmitt, chairman of the committee on public utilities, reported that the electric light company had made the street lamp changes that had been ordered. One lamp had been taken off of Spring Avenue, one on the Bloomington street road had been changed and additional lamps had been placed on DeMotte alley and Manassah streets, one on Elizabeth street near Besser mill and one on Jacob street between Madison and Jackson.

Attention was called to the condition of the public watering trough in south Greencastle. The water has been turned off on account of the bad condition of the trough and the water works company will be ordered to repair it at once. The company will build a concrete trough to replace the old one in the spring.

Councilman George Dobbs announced that the public safety committee had purchased a new horse for use in the fire department.

Officer John Maloney reported that the new buggy and implement firm, A. G. Broadstreet, had requested that it be allowed to place some farming machinery on Franklin street, next to its store room, for display purposes. The council ordered the officer to notify the company that it might place the machinery there subject to the orders of the city marshal. If the machinery does not obstruct the street it will not be ordered to be taken away.

City Clerk Ves Miller notified the council that a Roachdale man had been here regarding the location of a pool hall and lunch room here. The man desired to take out a license for three months, and the city attorney was asked to determine whether a license for less than a year could be granted or not.

Following is the claim ordinance passed:

Surprise.

On the evening of February 6th seventy friends and neighbors gathered at the home of Charles A. Bruner in Madison township and surprised him, it being his 43rd birthday anniversary. Several times before an attempt had been made to surprise Mr. Bruner but this time was the first one that he had not suspected it and he was completely surprised. Mrs. Bruner and two of the sons presented Mr. Bruner with a Masonic emblem ring. Games and a graphophone furnished entertainment

and a very nice supper was served. Everybody had a good time and left at a late hour, wishing Mr. Bruner many happy returns of the day.

In the Mayor's Court.

William Gum of Harmony was before Mayor Walter Cooper this morning to answer to a charge of intoxication. He pleaded guilty to the charge and after receiving a good lecture and promising to get out of town he was released.

Gum, who is a miner and resides near Harmony, was arrested by Policeman Maloney Tuesday afternoon on west Franklin street in an intoxicated condition. He was placed in jail. When he appeared before the mayor this morning he said he did not remember much that happened Tuesday. After promising to stay away from Greencastle when celebrating with a "toot," he was released. Gum retreated to the inter-urban station and took the first west.

Abraham Lincoln said

"TEACH ECONOMY; that is one of the first virtues. It begins with saving money.

Why not follow this good advice NOW and open YOUR Savings Account the first thing tomorrow morning?

CENTRAL TRUST COMPANY.

4 per cent. interest on deposits.

Greencastle, Ind.

The Porcupine Editor.

Why all this excitement about the extermination of the poor little house-sparrow, when there are eight million chickens in the United States who ought to be either converted or exterminated before the contagion spreads?

Making a husband out of a man is a labor of love, art, sculpture, sleight of hand and common sense all rolled together, and even then you sometimes have to use mental science to persuade yourself that you've succeeded.

It is an awful shock to a married man to discover that his wife has so little sense of humor that she believes all he tells her.

The man who considers the love name a little sinecure is apt to find the marriage ties a little insecure.

Nothing pays a bigger dividend on a small investment than politeness.

If men had to do the housework they would live in tents and use paper dishes.

OUR NUTTY NOVELETTE

OVER THE WINE.

"Two men on a raft,
One going left;
And the doughnuts all spoiled with
Salt water."

They were in the restaurant, he and she, dining at dinner.

All around soft-footed waiters soft-soled it and the rattle of dishes could not be heard, for this was a swell restaurant.

The young man, handsome, tall, well, handsome, leaned across the table hesitatingly.

It was though what he was about to say required a courage he did not possess.

The beautiful girl smiled encouragingly into his eyes. There was a moment of suspense, and then the young man sighed deeply. Ahhhh! Ahhhhhhhhh! He sighed deeply twice, the second time more so, if anything.

At length the words came:
"Darling," he besought, "don't ask for dessert. Eat more bread."

HOUSEHOLD HINTS

WHOLE WHITE BREAD.

One tablespoon lard or cottonseed oil, one tablespoon sugar, one cup each boiling water and hot (not boiling) milk, yeast cake dissolved in one-half cup warm water, one cup white flour, or enough to make soft dough. Mix, knead for ten minutes, cover, and let it rise in an even temperature to twice its first bulk. Make into small loaves, place in greased pans, let rise an hour or until puffy, and bake.

OPENING AN OBSTINATE JAR.

The best way to open a fruit jar is to invert the top of the jar into hot water, taking care that the water is not deep enough to touch the glass. The principle is to expand the metal top and then open as usual. A minute or two is sufficient. Should it remain too long the glass also would expand.

OUR NUTTY NOVELETTE

ONE ON HAROLD.

And as they eat their sandwiches—Of ham, and eke of cheese,
A thing steals o'er the sand which is Nothing but a breeze.

"Are you just saving it to be polite?" he persisted, "or do you really notice nothing strange about me today?"

"No, Harold, I think not," she said, puzzled. "Your hair is cut the same way, and it can't be that you had your mustache shaved off, for there it is under your nose."

"And you don't notice it?" he said, a trifle bitterly. "I should think, Imogene, that if you loved me as much as I love you, you would notice it." And he sighed.

"Tell me, Harold," she said at length. "Tell me what it is."

"It is my shoe," he said. "I sent one shoe around to be healed, so I had to come this evening with only one shoe on."

"Oh, Harold!" she cried, "of course I noticed that. I didn't say anything because I thought it might embarrass you!"

He kissed her fondly.

HUMOR of the DAY

Seeking Charity.

"What's the trouble?"

"There's a tramp at the door with a rickety automobile. Wants to know if we can give him a set of old tires."

He Does.

Blotbs—Guzzler says he believes in bearing other people's burdens.

Blotbs—Well, his wife says he comes home loaded every night.

Caustic.

Scene—Train stopping at small roadside station. Irritable Old Gentleman—What on earth do they stop at a station like this for? Objectionable Passenger (alighting)—To allow me to get out. Irritable Old Gentleman—Ah! I see it has its advantages, then?

POULTRY

A FIRELESS BROODER.

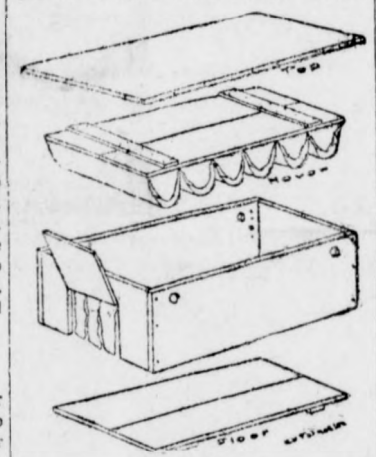

How to Make This Valuable Aid to Chicken Raisers.

Only during the late spring and summer is it advisable to attempt to brood chicks artificially without heat. Some forty years ago the theory was first advanced that chicks could be brooded artificially by confining the heat made by their little bodies, but not until quite recently has this theory received general attention. The assertion has been made that chicks could be brooded by this method out of doors during the most severe winter weather, and some who have tried it have been successful. The process has hardly left the experimental stage far enough, however, and the attempt to use it on a large scale should not be made until it has been tried on a small scale first.

But the fireless brooder may be employed for secondary use or for brooding in warm weather or in heated houses. It may be used also in emergency cases where the hen leaves the brood a little too soon, when the brooder becomes overcrowded, or when the brooder is wanted for another flock.

The principal object sought in building one of these brooders is to make all parts easily accessible for cleaning and caring for the chicks; to confine the heat as much as possible and yet have a good supply of pure air; to have the hover adjustable and padded with plenty of heat-holding cloth, so the chicks may have something to press their backs up against as they do when brooded by the hen.

The brooder shown in the illustration is made in four different parts, each of which may be quickly and easily cleaned. The outside measurement of the box is 2x2 1/2 feet. The height is eight inches. The floor is made to fit up in the box so that the four walls fit tightly on the floor of the brooder house and not on the floor of the brooder, as it may seem from the first glance at the illustration. Where the box sits on the floor of the brooder it is too easily displaced. Four holes are made in the

Fireless Brooder.

corners of the box an inch apart and the top hole an inch from the top ledge of the walls. A peg fitted into one of the holes in each corner holds the hover at any height suited to the age of the chicks. There are also four large holes in the walls of the box, one in each corner an inch or an inch and a half in diameter for ventilation. These ventilators are made high enough so that the air must pass through the cloth of the hover before it can reach the chicks. In this way there is a continuous inflow of pure air without a draft. Tin slides may be made to fit over the ventilators so the supply of air may be regulated during cool nights.

The hover shows two folds of cloth drooped down, but another fold or two may be used with good results. Woolen flannel is the best material to use. An old blanket is generally available. The top is made to fit down tightly on the box and may be covered with tin or tarred felt or some good roofing paper. The brooder should not be used out in the open, but a good smooth roof is provided more as a roosting board than anything else as the chicks soon take to it.

Watch Your Turkey Hens.

Last spring one of my turkey hens stole her nest under a pile of lumber back of the barn, writes R. B. Robertson. Another chose the straw stack, and a very tame one set in a nest on the henhouse floor.

If yours elude you, look in out-of-the-way places. Turkeys like old boxes and barrels on their sides.

Last spring I had a turkey sitter to occupy a sleigh box. Anything is better than tall weeds or grass, where dogs and other enemies so easily get them.

A coop with a wide roof that prevents rain from beating in is valuable for hens with young poults.

If the roof over the coops is not good, in severe storms the mother will move about in the coop to get out of the rain, the stupid little poults will not follow, and soon will be wet, chilled and ready to die.

All coops should be on high ground so as to be dry as possible. Young turkeys are very tender and cannot stand to be wet very much.

Before beginning the use of the incubator or brooder for spring work, thorough cleaning and disinfecting is important. In the long days of winter an opportunity for this work is presented.

ROADS AND ROADMAKING

THE FARMER AND THE ROAD.

He is Withdrawing His Objection to Improvement of Highways.

The problem of highways has probably concerned the farmers of this country more than any other class of people, inasmuch as upon them alone, for many years, developed the building and maintaining of the roads. From the old tortuous woods roads following the streams very largely, or a blazed trail over the hills and mountains, the corduroys and slab ways through the swamps and lowlands to the present good and improved highways graded and straightened almost to the grade of a steam railroad, the farmers have largely been the factor bearing the burden of expense, and therefore the ones most to be reckoned with.

In the early history of the country the blazed trail and first wagon roads were winding and long, often making the distance double that which now is as the country has been cleared and the roads straightened and graded. As the country was settled and new farms were opened up new highways were built without much thought as to grade and line, and to-day we have in many states, especially in the east, very crooked and irregular roads. Gradually the sentiment for better and improved roads has grown; the coming of the bicycle started the movement with greater acceleration than any other one thing for many years; then the arrival of the automobile has no doubt culminated in the climax of road improvement by creating a greater interest with the whole people until all are ready to lend a hand in the improvement of the highways.

The farmers at first, have been loath to favor the more expensive improvement of the roads believing the movement was largely in the interest of the manufacturers and users of automobiles, but be that as it may, as soon as an improved road is properly constructed through a farming section, the farmer is brought at once to see the value of it in the great advantage to him in the movement of his produce to market, and since the whole people are assisting in the expense, we farmers are withdrawing our objections and are willing to assist.

The President on Good Roads.

That the movement for road improvement is approved by the President of the United States is shown by the following extract from a letter written concerning the project of building a highway from Washington to Richmond:

"I regard this as part of the general good roads movement in the country, and I have pleasure in saying that there is no movement that I know of that will have a more direct effect to alleviate the difficulties and burdens of the farmer's life, will stimulate the traffic, and add to the general happiness of the people more than the establishment of good roads throughout the country."

"I do not think that because this may have been stimulated by people using automobiles it is to be frowned upon, for while persons using automobiles are by no means the most important in the community, the fact that their sharp interest has focused the attention of the public on the movement entitles them to credit."

Object Lesson in Road Building.

A modern highway, 275 miles long, through the "short grass country" in Western Kansas would not only prove an illuminating object lesson for the entire state but for all the country as well. The people of western Kansas have started a movement to afford the world just that object lesson in road building. From Newton to the Colorado line it is proposed to construct a continuous boulevard along the Arkansas river and call it "The New Santa Fe Trail."—Kansas City Times.

Laboratory to Test Road Materials.

The University of Alabama has completed a laboratory for testing road materials, and already a number of tests have been made for towns and counties throughout the state. The purpose of this new feature of the engineering department is to be of material assistance to the different communities and at the same time give the students practical instruction in road building, a branch of the profession which is rapidly growing in importance.

Narrow Country Roads.

Persons who are making a study of good roads claim that the highways of the United States are much too wide. In Germany the roads average from 21 to 30 feet in width and carry an enormous amount of traffic while in our open country, in the western states where traffic is comparatively light we make the roads 50 to 60 feet wide out of land worth \$100 per acre, and allow three-fourths of the highway to grow up in weeds.

Good roads are also an encouragement to walking and the long distance leisurely tramps across country that are becoming more and more popular during the season of fair weather. These tramps exert a distinct and valuable influence in uplifting the average standard of sound health among dwellers in cities, where the convenient street car discourages travel afoot."

MORE STATE ACCOUNTANTS COME TO PUTNAM COUNTY

Putnam county has had its share of state accountants in the past four weeks. Just after the first of the year two accountants came to audit the books of the county sheriff and the county clerk. Soon after they had completed their work two more came to audit the books of the township trustees. These men finished their work the first of this week, and Wednesday S. M. Quillen and O. A. Hutchens, two more accountants, came. The men here now will audit the books of the county auditor and the county treasurer. They are working in the commissioners' room and probably will be here for two weeks.

"George," that's his name and he is some boss. George is the new horse at the fire department. And although he has been in the department stall for only two days, George seems as much at home as any of the older horses. Just one day's training was required to prepare George for active work in the hose wagon. Tuesday night, when the councilmen assembled at fire headquarters for council meeting, the firemen put George through his tricks. They demonstrated that George is some smart animal, for he ran out and got under the harness just like an old campaigner. He seems to like the new job all right, and had not the people, who saw the team hitched, known that George was a new horse in the department, they would not have judged it from his actions. George is being worked with "Charley," for twelve years a member of the department. "Charley," by the way, was purchased under a Democratic administration and was named after Charley Broadstreet. "George," you know, is a namesake of George Dobbs, chairman of the present public safety committee.

Dr. J. P. D. John returned Tuesday night from a lecture trip through Kansas, Missouri, Nebraska and Iowa.

FINE MEETING OF MEDICAL SOCIETY

PUTNAM COUNTY PHYSICIANS MEET IN THE OFFICE OF DR. W. M. MCGAUGHEY TUESDAY EVENING AND ENJOY SPLENDID PROGRAM OF PRACTICAL DEMONSTRATIONS AND PAPERS.

DISTRICT OFFICERS HERE

The meeting of the Putnam County Medical Society, held Tuesday evening in the office of Dr. W. M. McGaughey in this city, was perhaps the most interesting and successful meeting ever held by the association.

In the arrangement of the program for this year the officers have endeavored to make the meetings more interesting and practicable by substituting demonstrations and tests for some of the papers, which have before composed the program.

The meeting Tuesday evening was attended by every physician in Greencastle, while Dr. C. L. Amick of Filmore and Dr. J. V. Masten, also of Filmore, were the out township representatives. Beside these the local physicians had as their guests Dr. Charles N. Combs, district secretary of the State Medical Association, and Dr. J. H. Weinstein, district consular of the State Medical Society, both of Terre Haute, and Dr. Joseph Pierce

of Cloverland. These men had seen the program for the meeting and were so attracted by it that they came to attend the meeting.

The program for the evening was as follows:
"The Test For and the Vaccination Against Typhoid Fever"—Dr. Jerome King.

Harold Irwine and Claude Jennings returned to their home in Stanley, Ia., Tuesday after several days' visit with Mr. and Mrs. Samuel Hartley and family of this city. Mrs. Harold Irwine was formerly Miss Onah Hartley of this city.

"Tests for Tuberculosis"—Dr. Charles Sudraski. Discussion by Dr. C. T. Zaring and Dr. Collins, the latter of Roachdale.

"Two Glass Tests for Specific Urethritis"—Dr. Amick of Filmore. Discussion by Dr. Preston of Cloverdale.

"Experiments in Blood Tests in Fetus and Vomit"—Dr. Walter McGaughey. Discussion by Dr. W. R. Hutcherson.

"Hydrochloric and Lactic Acid Test in Cancer of the Stomach"—Dr. W. W. Tucker.

"Quantitative Determination of Sugar in the Urine in Diabetes"—Dr. Stroube of Roachdale.

LAST MEETING OF THE OLD PENSION BOARD.

The last regular session of the Republican pension board was held Wednesday in the office of Dr. McGaughey. Dr. Logan Stanley of Roachdale, Dr. W. W. Tucker and Dr. McGaughey are the members of the old board. Two men were here today to be examined for an increase in pensions. After this meeting the old board will turn over its books and papers to the new board which consists Dr. G. W. Bence, Dr. Jerome King and Dr. Eugene Hawkins.

MOTORCYCLE TALK

By "Van, The Motorcycle Man"

MOTORCYCLES GROW IN POPULARITY.

1914 will be the biggest year for motorcycles in past years. Indications show that there will be at least twice as many sold as there was last year. More and more are the people waking up to the benefits to be gained from the reliable single-tracker. Both from a business standpoint, and that of pleasure the motorcycle pays big dividends on the money invested. The exceedingly low operating expense makes it the desirable vehicle for those who wish a means of quick transportation, and who can not afford to bear the heavy operating expense of an automobile. Then the pleasure of riding a motorcycle, as thousands can testify, is one of its most desirable aspects. The feeling of pure joy, health and exhilaration that one experiences when speeding smoothly along upon the two-wheeled steed, is one of the fascinations that has made motorcycle so popular in the past.

ANY ONE CAN RIDE THEM.

Anyone can ride one of them, learning the simple controls in a very short time. One need not have had former experience by riding a bicycle. Some of the best riders in the country were never on a bicycle. Anyone over 14 years old should experience no trouble at all in handling them. My father, past sixty years of age, is one of the most enthusiastic riders in the county. He has made trips of over a thousand miles on his machine, and has nothing but praise for motorcycles as a means for getting over the country, and of giving the owner 100 per cent. satisfaction and enjoyment.

I TAKE CARE OF YOUR TROUBLES.

One need not know anything about machinery to be able to take care of one. My liberal service policy takes care of the rider until he is amply able to look out for himself. I teach the buyer of a motorcycle how to ride, how to care for his machine, and I maintain an inspection service that keeps in the best of running order. Satisfied customers are the best advertisement that I have.

SOON WE'LL SEE THEM ON THE ROAD.

It will not be long now until the roads will be in good rideable condition, and motorcycles will be on the roads all over the country, the riders enjoying the invigorating atmosphere of the springtime. Riders will club together and make sociable runs to neighboring places of interest, and spend many an enjoyable hour together.

DON'T WAIT TILL THE ELEVENTH HOUR TO BUY.

But if you are thinking of getting a motorcycle, do not wait until the season opens up before you get your machine. At that time there will be thousands upon thousands of other fellows wanting motorcycles, all at about the same time, and the result will be that many will have to wait several weeks before they can obtain their machines. The wise motorcyclist is the fellow who places his order in now and specifies the date of delivery. He is the fellow who will be sure of getting his motorcycle on time, and will be enjoying it while the others that waited will be fuming around because of all the good times they are missing.

COME IN AND TALK IT OVER.

At any rate, if you have the faintest idea that you will buy this year come in NOW and talk it over with me. I may be able to help you out on some points that are bothering you. I willingly will tell you all that I can to help you. Come in and talk it over, and take a look at the INDIAN and EXCELSIOR. They certainly are beauties, and any fellow would be proud to be the owner of either of them. I have already received orders for a number of them, and from all indications this will be a big buying year. No matter what may be the thing that is holding you back from buying now, tell me about it. I think we can get together for the mutual benefit of both of us.

Here's luck to you anyway.

Leslie Vandament
WEST SIDE SQUARE, GREENCASTLE, INDIANA.

NEW SYSTEM OF CHURCH SUPPORT

IS INAUGURATED BY ACTION OF MEMBERSHIP PROPOSED AND ACCEPTED BY THE ATTENDANTS AT THE BANQUET ENJOYED ON WEDNESDAY EVENING.

WAS PLEASANT OCCASION

Resolutions endorsing the new financial system of the College Avenue Methodist Church were adopted Wednesday night at a banquet in the church parlors, at which over one hundred and fifty church members were present.

The night's gathering was the result of the activity of the Woman's League of the Methodist church. The four-course dinner was prepared and served by the women of the church in honor of the men, who demonstrated marked appreciation of the occasion. Practically one hundred men were present when the banquet started.

After the banquet had been served by the ladies, Toastmaster Silas A. Hays called the gathering to order. In a few brief words he explained the purpose of the occasion and mentioned the new financial system, which has been an object of discussion for some time. Following his introduction Dr. G. R. Grose, president of DePauw University, opened the

list of toasts with a few words. All the toasts were short, but energetic and enthusiastic. J. P. Allen, Dr. D. Tillotson and Dr. H. A. Gobin followed Dr. Grose on the toast list.

The movement was then started to put the new financial system into operation, following the expressions of assent from various members of the church present. It was reported back from a committee consisting of Messrs J. P. Allen, F. P. Huestis, H. G. Woody, George Hanna and T. E. Evans.

The new system is that recommended by the last General Conference of the Methodist Episcopal Church, based on the dual expenses of the church. The expenses, as divided by the conference, are those immediately necessary for the support of the local church and its work and those called benevolences, for the maintenance of missions, universities, etc. By the plan adopted Wednesday night, the Duplex envelope system was inaugurated. This envelope is divided into two parts, one marked for the immediate expenses of the church, and the other marked benevolences. Fifty-two of these envelopes, one for each Sunday in the year, are to be given to every member of the church. These envelopes are to be returned with a deposit in each side, each Sunday, or in case a member has missed a Sunday or several succeeding ones, by the workings of the system, he will deposit at one time what he has placed in his weekly envelopes.

The effect of the system will be to divide the payment of contributions into two sections, and to make them come in at closer intervals, rather than annually, or semi-annually.

Fifteen teams of men agreed Wednesday night to make a canvass among members of the church for the purpose of explaining the system and urging general approval.

ROBBERS WORK LADOGA POSTOFFICE FOR \$1,500.

A special under date of February 4, from Ladoga, Ind., says: "Yeggmen broke into the Ladoga postoffice and, after blowing the safe, stole about \$1,500 worth of postage stamps early today. The burglars failed to get into the inner chamber of the safe, which contained \$200. Logan Ronk, who lives near the postoffice, heard the noise caused by the blowing of the safe, but thought it was the explosion of a torpedo on the Monon railroad. The theft was learned when John Lough, postoffice today. No trace of the robbers has been found.

Oscar Webster left on Saturday for Noblesville where he will visit Mr. and Mrs. Fenton Lawler for a few days. Mrs. Lawler was formerly Miss Roxie Webster of this city.

DO YOU TAKE THE HERALD?

SOPH KEAN IS COUNTY ROAD SUPERINTENDENTS

HE MADE A WICKED BUT UNSUCCESSFUL RESISTANCE TO ARREST, AND THE OFFICERS HAD TO USE FORCE AND POWER.

OBLIGED TO LAY OUT FINE SO PROVIDES THE LAW

Albert "Soph" Kean was arrested on the northwest corner of the square Wednesday afternoon at 4 o'clock in an intoxicated condition. A battle royal was staged when Marshal Cooper attempted to take him to jail. The officer was forced to deputize Frank Bee in order to land "Soph" in prison. Kean was brought before the mayor Wednesday morning and plead guilty to two charges, one for intoxication and one for resisting and striking an officer. He was fined \$5 and costs. He was unable to pay the fine and went to jail.

Kean was causing quite a disturbance on the northwest corner of the square Wednesday afternoon, when Marshal Cooper ordered him to go home. He started home but decided that he was not drunk and said that he did not have to obey the marshal's orders. He was then arrested by Marshal Cooper, who attempted to take him to jail. Kean was in the fighting mood and struck Cooper several times and made an attempt to get away. Kean was knocked down three times by the officers but came back each time with more fight than ever. Frank Bee was deputized by the marshal to serve as a special policeman. Sheriff Boes came to their assistance and their combined efforts landed "Soph" in the coop.

DEATH OF WELL-KNOWN CLINTON TOWNSHIP MAN

C. M. Bettis, a well-known farmer of Clinton township, died at his home near Morton Wednesday at 3 o'clock after an illness of several months. His death was caused of tuberculosis of the bowels. The deceased was 65 years old. The funeral services were held at Union Chapel near Morton, Friday morning at 11 o'clock, and will be in charge of the Morton Masonic Lodge. The interment was in the Union Chapel cemetery.

The deceased was a well-known resident of Clinton township, having owned a store in Morton for several years. He was forced to retire from this business several years ago on account of his health. Mr. Bettis is survived by a wife and three children. Mrs. Frank Nelson of Bainbridge, Frank Bettis and Elsie Bettis.

RUSSELLVILLE GIRL MARRIES JUDSON MAN

The marriage of Miss Elsie Clodfelter, the daughter of Mr. and Mrs. D. N. Clodfelter of Russellville, and Martin S. McBride of Judson, occurred at the home of Rev. and Mrs. C. L. Airhart, on west Walnut street Thursday afternoon at 5 o'clock. The bride is 22 years old and the groom is 25. Both are well-known young people and popular people of their respective vicinities. The young people came to this city Thursday morning and procured their marriage license. After they were united in marriage by Rev. Airhart they left for Russellville.

DEATH OF MRS. SAMANTHA LEWIS IN INDIANAPOLIS

The death of Mrs. Samantha Lewis, age 79, formerly of this city, occurred in Indianapolis on Friday. The body was brought here Saturday and taken to home of Miss Sue Terry, a niece. Funeral services were held Saturday afternoon at 2:30 o'clock. Burial was in the Forest Hill cemetery.

Harry Lawson, the son of Mr. and Mrs. Robert Lawson, of Filmore and Miss Ethel Dicks, the daughter of Moses Dicks of Filmore, were united in marriage by Rev. C. L. Airhart at the county clerk's office Saturday at 1:30 o'clock. The bride is 21 years old and the groom is 23. Both are well-known and popular young people of Marion township.

Dr. C. T. Zaring today announced his candidacy for the nomination of Coroner of Putnam county on the Democratic ticket. Dr. Zaring is now serving as coroner, having been appointed to fill out the unexpired term of the late E. B. Lynch.

DO YOU TAKE THE HERALD?

MUST PAY THEIR TRAVELING EXPENSES IN THE PERFORMANCE OF THEIR OFFICIAL DUTIES, OUT OF FUNDS RECEIVED AS SALARY.

That the county highway superintendent will be required to pay his own expenses out of his salary of four dollars per day is held by an opinion of the state board of accounts. Superintendents and county auditors have made so many inquiries relative to the expense fund that the question was taken up with Attorney General Honan and a copy of the opinion has been sent to each county auditor.

The statute further provides that the superintendent shall employ assistants for each twenty-five miles of gravel roads under his control.

The statutes make no provision whatsoever for the payment of any expenses for the superintendent or his assistants. In the absence of such provisions the superintendent and his assistants will be required to take care of their own expenses. Their salary is all that they are entitled to receive from the county. But attention has been called to section 5 of the act which provides that an assistant superintendent when he may deem it necessary shall have the right to use a team and when so doing he shall receive as compensation for the team the sum of fifteen cents an hour. The assistant superintendent is entitled to the above allowance only when such team is employed in actual work upon the roads of the county. He is not entitled to such allowance when the team is used by him as a means of conveyance.

FEBRUARY TO BE A MONTH OF STORMS

The weather prophet makes predictions for the month of February as printed below:

A regular storm period is central on the 4th, extending from the 2nd to the 7th. The mercury equinoctial disturbance is also central on the 4th. The mercury influence is continued over from the last days of January, bringing with it cloudy threatening conditions. By the 2nd and 5th, marked fall of the barometer will be noted in western parts. Southerly winds and change to warmer will appear, merging into storms, first of rain, wind and possible thunder, turning later into snow, sleet and furious blizzards over much of the country, central valleys on and touching the 5th and 6th, disappearing along the Atlantic coast regions a day or two later. A very high barometer, with sweeping northwesterly gales with cold wave of marked intensity, will constitute the western tangents of these disturbances, all advancing southeastward, the climax of high barometer and cold appearing one to three days behind the first stages of the storm.

A reactionary storm period will bring falling barometer, changes to warmer, and return to cloudiness and storms of rain, wind and snow. The crisis of this period will fall on the 10th, 11th and 12th, notably on the 11th and 12th, as the moon is in perigee on the 11th, and on the celestial equator on the 10th. Piercing cold will visit most parts of the country from about the 12th to the 14th.

A regular storm period covers the 14th to the 19th, having its center on the 16th. As early as the 11th and 15th, changes to warmer will begin in western extremes, the barometer will begin falling, winds will shift southerly, and storms of rain, wind and snow will start on their eastward career. By the 16th to the 18th these storms will grow in severity as they cover the great central valleys of the continent. By the 19th, storms will reach the Atlantic coast regions, and a rising barometer, blizzards and cold wave which are sure to push the west, and north-west side of the storm areas, will have spread well over all western and central parts of the country. These conditions will advance eastward and southward, giving the whole country a mixture of boreal and tropical storms, followed everywhere by rising barometer and sharp cold for February.

COUNTY ASSESSORS TO MEET WITH MEMBERS OF TAX BOARD

County Assessor George Dobbs has received a notification from the State Tax Commission, that a meeting of the members of the board and the assessors of Vigo, Vermillion, Parke, Putnam, Clay, Sullivan, Green, Owen and Martin counties will be held in Terre Haute, next Thursday, Feb. 12. Mr. Dobbs will attend the meeting.

Mr. and Mrs. Joe Wright, of Putnamville, are the parents of a son, born Monday morning.

Pains All Over!

"You are welcome," says Mrs. Nora Guffey, of Broken Arrow, Okla., "to use my letter in any way you want to, if it will induce some suffering woman to try Cardui. I had pains all over, and suffered with an abscess. Three physicians failed to relieve me. Since taking Cardui, I am in better health than ever before, and that means much to me, because I suffered many years with womanly troubles, of different kinds. What other treatments I tried, helped me for a few days only."

TAKE The CARDUI Woman's Tonic

Don't wait, until you are taken down sick, before taking care of yourself. The small aches and pains, and other symptoms of womanly weakness and disease, always mean worse to follow, unless given quick treatment.

You would always keep Cardui handy, if you knew what quick and permanent relief it gives, where weakness and disease of the womanly system makes life seem hard to bear. Cardui has helped over a million women. Try it.

Obituary.

Elizabeth Masten was born May 25, 1833; died February 3, 1914. She leaves one sister, Mrs. Billman, of Terre Haute; one son, Jesse Wells, of Greencastle; three daughters, Mrs. Sabra Billman, of Indianapolis; Mrs. Mary Gerken, of Muncie, and Mrs. Thomas Horn of Tuskega, Alabama; also, six granddaughters, three grandsons and five great-grandchildren.

Mrs. Masten was intensely religious; trained in the ways of Methodism of eighty years ago. She early learned to love the class meeting, the love feast and prayer meeting, as well as the preaching services, and as long as health and strength would permit, she was found in her place in the church.

Her heart was in the cause of temperance. Not content with being silently opposed to the curse of strong drink, she was one of the Crusaders, and with them prayed in the saloons and on the sidewalks in front of them. She and her husband were active supporters of the Prohibition party.

On the organization of the Woman's Christian Temperance Union she became one of its most active workers, and was for several years the superintendent of the work among the prisoners in the county jail, in which, numbers were converted and helped to a better life through her prayers, singing and exhortations.

She gave much of her time and strength to visiting the sick and afflicted and comforting the sorrowing, and will be among those on the right hand of the King in the judgment, to whom it will be said, "Come ye blessed of my Father, inherit the Kingdom prepared for you from the foundation of the world; for I was sick and ye visited me; I was in prison and ye came unto me; I was in the midst of those, my brethren, ye did it unto me."

She has been a great sufferer for the past few years and has had a constant longing to depart and be with Christ, which with Paul—she knew to be better. Among her last conscious hours, she tried to sing: "I'm going home, to die no more."

Funeral services were held at the Locust street M. E. church, of which she was a charter member at 2 o'clock Wednesday afternoon. Rev. Beck, Rev. Wheatman and Rev. Riley presided.

FIREMEN ANSWER TWO CALLS TO DELTA TAU DELTA HOUSE

The fire department answered two calls to the Delta Tau Delta house on east Seminary street, Saturday night to extinguish flames which started in the floor from an overheated furnace. The fire Saturday night was the fourth fire that has occurred at the Delta Tau house during the last four years. The damage was very slight and was covered by insurance.

A hot fire was burning in the furnace and the chimney became so hot that the laths next to the flue

caught on fire. A small hole was burned in the floor and the wall badly scorched. The flames were extinguished with the chemical apparatus.

The firemen answered the first alarm about 12:00 and the second, 12:30. The house has caught on fire from the same origin on three different occasions but the damage resulting each time was very slight.

Mrs. C. A. Willis and son, New returned to their home in Toledo, this afternoon, after a few days' visit with Mrs. N. S. Eskridge and family of this city.

Albert Leachman, of Knightsville visited friends in the city Sunday.

WOMAN IN BAD CONDITION

Restored To Health by Lydia E. Pinkham's Vegetable Compound.

Montpelier, Vt. — "We have great faith in your remedies. I was very regular and was tired and sleepy a time, would have cold chills, and my hands and feet would be cold. My stomach bothered me, I had pain in my side and a bad headache most of the time. Lydia E. Pinkham's Vegetable Compound has done me lots of good and I now feel fine. I am regular, my stomach is better and my pains have left me. You can use my name if you like. I am proud of what your remedies have done for me." — Mrs. M. GAUTHIER, 21 Ridge St., Montpelier, Vt.

An Honest Dependable Medicine. It must be admitted by every fair-minded, intelligent person, that a medicine could not live and grow in popularity for nearly forty years, and to-day be a record for thousands upon thousands of actual cures, as has Lydia E. Pinkham's Vegetable Compound, with its possessing great virtue and actual worth. Such medicines must be looked upon and termed both standard and dependable by every thinking person.

If you have the slightest doubt that Lydia E. Pinkham's Vegetable Compound will help you, write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass., for advice. Your letter will be opened and answered by a woman and held in strict confidence.

Minutes Mean Dollars IN TREATING ANIMALS

Don't you know the danger of delayed treatment? Don't you know that the best remedies are often worse than no treatment at all. In other words, not to diagnose a disease accurately may prove fatal. Every owner should be able to recognize an ailment and give correct treatment at the first symptoms. Prompt action is the great secret of treating horses.

Minutes mean dollars. Of course proper treatment is always necessary. That is just how Humphrey's 200 page Veterinary Manual will prove so valuable to you. It is by F. Humphrey, M. D., V.S., and teaches how to diagnose and give proper treatment.

This book will save you hundreds of dollars and costs you nothing. It will be sent absolutely free on request to any farmer in order to introduce Humphrey's Veterinary Remedies. Remember, it is absolutely free. You do not have to order any remedies to secure the book. Address, Humphrey's Homeopathic Remedies Company, 156 William Street, New York City. This is a splendid opportunity to obtain a veterinary treatise that you should have in your library. As a reference work you will find it valuable. To have it in the time of need will be worth many dollars, whereas it will cost you but a few cents by writing for it now.

Enterprise Flour Wins Again

Another great record made at the Terre Haute Fair.

The PRIZE LOAF of BREAD. The PRIZE ROLLS. Fourteen first prize Cakes. Six Special first prizes. A total of 22 first prizes out of 26 offered won BY ENTERPRISE FLOUR

(Last year won 12 out of 17)

NOTICE OF ADMINISTRATOR'S SALE OF REAL ESTATE.

The undersigned, Administrator of the estate of John Guy Ratcliff, deceased, hereby gives notice that by virtue of an order of the Putnam Circuit Court of Putnam County, Indiana, he will, at the hour of 10:00 o'clock a. m. on

Monday, 16th day of March, 1914 at the residence of this administrator in Clinton Township, Putnam County, Indiana, (and from day to day thereafter until sold) offer for sale, at private sale, all the interest of said decedent in and to the following described real estate, to-wit:

An undivided two-thirds of all the real estate hereinafter described, to-wit:

1.—The east half of the northeast quarter of Section 2, Township 15 North, Range 5 West, containing 91 acres, more or less;

2.—The west half of the northwest quarter of Section 1, Township 15 North, Range 5 West, except 20 feet off of the south end thereof, containing 45 acres, more or less;

Also, twelve (12) feet off of the east side of the southeast quarter of said Section 2, township 15 north, range 5 west, which is a roadway to the 91 acre tract of land above described at No. 1.

3.—The west half of the southwest quarter of the southwest quarter of Section 36, and 5 acres in the southeast corner of the southeast quarter of Section 35, and a part of the southeast quarter of the southeast quarter of Section 35, bounded as follows, to-wit: Commencing at a stone, marked "B. L." on the south line of said quarter quarter which stands 7 chains and 7 1/2 links West of the southeast corner of said quarter quarter; thence north 7 chains and 7 1/2 links, to a stone, marked "B. L." (witness tree, Elm, 46 inches south, 85 degrees east, 85 1/2 links); thence west, to the center of the road; thence south, 7 chains and 7 1/2 links, with the center of the road, to the south line of said quarter quarter; thence east, with said south line of said quarter quarter, to the place of beginning, all being in Township 16 North, Range 5 West, and containing 30 acres, more or less.

4.—The northwest quarter of the southwest quarter of Section 36, and a tract of ground of the uniform width of 2 chains taken off of the east side of the northeast quarter of the southeast quarter of Section 35, all in Township 16 North, Range 5 West, containing in all 44 acres, more or less.

All said above described real estate being situate in Putnam County, in the state of Indiana.

Said sale will be made subject to the approval of said court for not less than the full appraised value of said real estate, and upon the following terms and conditions:

Terms.

At least one-third of the purchase money, cash in hand, the balance in two equal installments, payable in not to exceed 6 and 12 twelve months from day of sale, evidenced by notes of the purchaser, bearing 6 per cent. interest from date, waiving relief, providing for attorney's fees, and secured by mortgage on the real estate sold. The purchaser is given the privilege to pay the full purchase price in cash.

JACKSON T. CLODFELTER,
Administrator.

NOTICE OF SALE OF WIDOW'S INTEREST.

The undersigned, Ella Z. Ratcliff, the surviving wife and widow of John Guy Ratcliff, deceased, hereby gives notice that she will join Jackson T. Clodfelter, the administrator of the estate of John Guy Ratcliff, deceased, in the sale and conveyance of all the real estate described in the above notice of sale by said administrator, and that she will sell and convey all her undivided one-third interest, as such widow, in and to said real estate, at the same time and place of the above sale, and upon the same terms and conditions, and make deed to the purchaser of her interest.

How is Your Boiler?

It has been stated that a man's stomach is his boiler, his body is his engine and his mouth his fire box. Is your boiler (stomach) in good working order or is it so weak that it will not stand a full load and not able to supply the needed energy to your engine (body)? If you have any trouble with your stomach Chamberlain's Tablets will do you good. They strengthen and invigorate the stomach and enable it to do its work, naturally. Many very remarkable cures of stomach trouble have been effected by them. For sale by all dealers.

Executor's Sale of Real Estate.

The undersigned, executor of the last will of Jacob C. Rogers, deceased, hereby gives notice that by virtue of the power by said will conferred, he will, at the hour of ten o'clock a. m. on

February 23, 1914 at the late residence of said decedent about three miles north of Reelsville, in Washington township, Putnam county, Indiana, offer for sale all the interest of said decedent in and to the following described real estate in Putnam county, Indiana, to-wit:

The north half of the northeast quarter of section 5. Also the west half of the northwest quarter of section four (4); also the east half of the northwest quarter of said section four (4); also the southwest quarter of the northeast quarter of said section four (4); also the northwest quarter of the southeast quarter of said section four (4). All in township thirteen (13) north, range five (5) west.

Terms—At least one-third of the purchase money cash in hand, the balance to be paid in two equal installments payable in not to exceed six and twelve months, evidenced by notes of the purchaser bearing 6 per cent. interest from date, waiving relief, providing attorneys fees and secured by mortgage on the real estate sold. Said lands will be offered in parcels as described above.

THE CENTRAL TRUST CO., of Greencastle, Indiana, Executor.

By R. L. O'Hair, president.

Methodist Minister Recommends Chamberlain's Cough Remedy.

Rev. James A. Lewis, Milaca, Minn., writes: "Chamberlain's Cough Remedy has been a needed and welcome guest in our home for a number of years. I highly recommend it to my fellows as being a medicine worthy of trial in cases of colds, coughs, and croup." Give Chamberlain's Cough Remedy a trial and we are confident that you will find it very effectual and continue to use it as occasion requires for years to come, as many others have done. For sale by all dealers.

Administrator's Sale of Real Estate.

The undersigned administrator of the estate of Missouri Pitman, deceased, hereby gives notice that by virtue of an order of the Circuit Court he will at the hour of 2 o'clock P. M. of the 28th day of February, 1914, at the south door of the court house in Greencastle, Indiana, offer for sale at public sale, the following described real estate in Putnam County, Indiana, to-wit: Lot number (19) and the East half of lot number (18) in Block No. (7) in Edwin J. Peck's Enlargement to the town now City of Greencastle, Indiana.

Said sale will be made subject to the approval of said court, for not less than two-thirds of the appraised value of said real estate, upon the following terms:

All of the purchase money cash in hand.

Clarence Vestal, Administrator.

W. M. Sutherland, Attorney.

The Best Cough Medicine.

"I have used Chamberlain's Cough Remedy ever since I have been keeping house," says L. C. Hames, of Marbury, Ala. "I consider it one of the best remedies I ever used. My children have all take it and it works like a charm. For colds and whooping cough it is excellent." For sale by all dealers.

NOTICE OF SHERIFF'S SALE OF REAL ESTATE.

Notice is hereby given, that by virtue of a certified copy of a decree of court to me, directed by the clerk of Circuit Court of Putnam County, Indiana, in the case in which Indiana State Bank of Indianapolis, Indiana, is plaintiff and Clarence H. Beard, Mary E. Beard, Mathew H. Camden, Auduhon Realty Co., Jacob Hirt and Jesse Lewman are the defendants, requiring me to make the sum of five

thousand two hundred and fifty dollars (\$5,250), with interest and costs, I will offer for sale at public auction to the highest bidder on Monday, February 23, 1914, between the hours of 10 o'clock a. m. and 4 o'clock p. m. of said day at the door of the court house in the City of Greencastle, County of Putnam, State of Indiana, the rents and profits for a term not exceeding seven years of the following described real estate in said county and state, to-wit:

Lots one hundred and seventy-two (172) and one hundred and eighty-one (181), except seventy-two (72) feet off the east side of said lot One hundred and eighty-one (181) in the original plat of the town, (now city) of Greencastle, Putnam County, Indiana.

If such rents and profits will not sell for a sum sufficient to pay and satisfy said decree, interest and costs, I will at the same time and place offer for sale at public auction the fee simple of said real estate or so much thereof as may be necessary to pay and satisfy said decree, interest and costs.

Said sale to be made without any relief from valuation and appraisal laws. Dated January 30, 1914.

THEODORE BOES, Sheriff Putnam County.

4t H-D, Jan. 30. (Posters.)

Notice of Administration.

Notice is hereby given that the undersigned has been appointed by the clerk of the Circuit Court of Putnam County, State of Indiana, administrator of the estate of N. Warren Holland, deceased, late of Putnam County, Indiana, deceased.

Said estate is supposed to be solvent. Dated this 3rd day of February, 1914.

Charles N. and Thomas E. Holland, Administrators.

Personal.

D. O. Dunlavy and daughter, Miss Ruthven, of Filmore, were visitors in the city today.

Miss Laura Jackson spent Sunday with her sister, Mrs. John Ward of Cloverdale.

Mrs. John Moran returned Saturday from a visit with Mr. and Mrs. T. G. Leehey in Indianapolis.

Mrs. William Stroube spent Sunday with Dr. and Mrs. C. N. Stroube at Roachdale.

Miss Inez Bacon, of Newcastle, has resigned her position as bookkeeper at the Hub Clothing store.

Mrs. Louise Hindey, a trained nurse of Indianapolis, spent Saturday and Sunday with Mr. and Mrs. H. C. Rudisill on west Columbia street.

Born to Mr. and Mrs. Joseph Wright of Putnamville, Monday, a son.

T. E. Shorr, operator at the Monon station, spent Sunday with relatives in Lafayette.

Mrs. Jennie Rule and granddaughter, Miss Mildred Rule, returned from Cloverdale Sunday, after several days visit with relatives.

Miss Minnie Buster resumed her work teaching in the public schools this morning after several days' absence on account of illness.

The Central Trust company has been appointed administrator of the estate of Samantha Lewis, whose death occurred in Indianapolis Friday.

Mrs. Emma Scott has returned to her home in Indianapolis after a few days' visit with friends in this city. She is a former resident of this city.

Mr. and Mrs. Fred Johns attended the memorial services of the Eagles' Lodge which was held at Brazil Sunday.

Mrs. Harry B. Talbott, who has been suffering from a severe attack of tonsillitis, is reported to be getting along nicely.

Clarence Vestal returned from Terre Haute this morning after a few days' visit with his son, who is attending Wiley high school at that city.

Miss Esther White, who is employed at the Block's Department store in Indianapolis, is at home to recover from an attack of tonsillitis.

Frank Davidson and Harry LaRue attended the annual memorial services of the Eagles' Lodge which was held at the Sourwine Theatre in Brazil Sunday.

Mrs. Harry B. Talbott, who has been suffering from a severe attack of tonsillitis, is reported to be getting along nicely.

Clarence Vestal returned from Terre Haute this morning after a few days' visit with his son, who is attending Wiley high school at that city.

Miss Esther White, who is employed at the Block's Department store in Indianapolis, is at home to recover from an attack of tonsillitis.

Frank Davidson and Harry LaRue attended the annual memorial services of the Eagles' Lodge which was held at the Sourwine Theatre in Brazil Sunday.

Members of the local Modern Woodmen Camp No. 3349, will go to Filmore this evening on the 6:11 interurban car and will initiate several candidates into the Filmore camp.

Timothy Murphy, who was seriously injured in a fall several days ago, is getting along nicely. Mr. Murphy's advanced age has handicapped his recovery to some extent.

Miss Zella DeBruler and Miss Flonnie Wright, of Brazil, have returned home after visiting Miss Naomi Snyder.

Mr. and Mrs. Heck Hillis and son left Tuesday for their home in Fair Oaks, Ind., after several weeks' visit with relatives of this city.

Homer Tobin, the son of Mr. and Mrs. Jesse Tobin on Illinois street, who has been seriously ill for several weeks, is reported much better today.

Miss Florence Crawford, of Terre Haute, spent Sunday here with her mother, Mrs. L. T. Crawford, and Mr. and Mrs. Walter Crawford. Miss Crawford is assistant librarian at the Terre Haute public library.

O. C. Bates, who has been employed at the Cook Drug store for several years, left Monday for Portland where he has purchased one of the drug stores of that city. Mr. Bates's family will remain here a few weeks before going to Portland.

James Byrkit, formerly section foreman on the interurban at this city, has accepted a position as assistant foreman for J. C. Ellis, the interurban contractor who is making repairs on the Walnut creek bridge west of this city.

The Iota alumnae of the Kappa Kappa Gamma will give a banquet February 21 at the Claypool. Observing their annual custom the members of the active chapter at Greencastle will wear powdered hair. Mrs. W. W. Tucker, of Greencastle, will be the toastmistress.—Indianapolis News

Wood Nichols, a student of the university, who was one of the prominent members of the DePauw Glee Club this season, will not enter school this semester. He has accepted a position as factory manager of the Nichols Candy company of Indianapolis.

Miss Mona McAllister, who recently resigned her position as stenographer of the Putnam county court,

MONEY TO LOAN

Chattel Mortgages. No Red Tape.
Sam Purcell
Office with W. H. H. Cullen

Mrs. Harry Parsons has returned to her home in Indianapolis after a visit with relatives in this city. Mrs. Parsons was formerly Mrs. Alta Moore of this city.

The case of Luke Duffy of Indianapolis against Louis McNutt of Brazil, in which a judgment of \$600 is asked, was set for trial in the Putnam Circuit Court this morning. Because of the illness of some of the witnesses, the case was continued, however. Duffy alleges that he traded McNutt some jersey cows for a stallion and that the stallion was not as represented to him. McNutt says the stallion was all right but that the cows he got in the trade were not as represented.

Filmore Camp of Modern Woodmen of America initiated two candidates Monday night and the team from Greencastle Camp, No. 3349, put on the work. Fred Ruark and Fred Havens took their first trip through the great forest of Woodcraft and all present enjoyed an evening full of fun as well as profitable from a fraternal standpoint. Filmore camp had a bad stroke of ill fortune when they lost all their paraphernalia in the fire that destroyed two frame business houses there some time ago, but the camp rented new quarters and is now taking on a new lease of life. After the degree work was given, apples and cigars were passed around and all took part in a smoker and talk-fest that lasted until the small hours of the morning. The Greencastle Woodmen present were: William Blake, L. D. Snider, E. H. Snider, Lea Paxton, S. E. Bell, Chas. Pitts, Edwin Sprinkle, J. B. Morgan and R. A. Confer.

THE ELKS ARRANGE TO GIVE MINSTREL SHOW

The Elks' annual minstrel show will be held February 23rd and 24th. Managers Neely O'Hair and Ernest Stoner announced today that the minstrel would be given on the dates mentioned. A black face minstrel will be staged by the local Elks this year. Elaborate preparations are being made by the local managers to make this one of the best home talent shows ever staged in Greencastle.

The committee composed of Ernest Stoner, Neely O'Hair and Reese Matson today announced the definite dates for the staging of the show. The contract for staging the show has been given to Miller & Draper of New York City. This firm has been highly recommended to the local Elks lodge by other lodges who have given plays and had their services. The Lawrenceville Elks' Minstrels in which several former Greencastle boys took part was staged by Miller & Draper and proved to be a big success.

The scene of the play is at the Panama-Pacific Exposition on carnival night. The black face comedians are shown as they sing, dance and celebrate on an occasion such as carnival night. The local managers are well pleased with the form of play which is to be staged here. The local Elks have many talented amateurs who will take part in the minstrels.

The instructors, Miller & Draper, carry their own line of scenery which will be very appropriate for the minstrels, which will be staged in the Cook Opera house.

The committee which has charge of the staging of the play has had much trouble in getting a definite date for the play. Mr. and Mrs. Frederick Howe of Downgrade, Mich., who had contracted for the staging of a musical comedy, similar to the "Careless Cupid" given last year, were unable to give the local committee a definite date for the staging of the play so their contract was canceled and the new one made.

Mr. Miller and Mr. Draper will arrive here next Saturday from Georgetown, Ky., and will start practice for the minstrel immediately.

Mrs. W. O. Foster was in Greencastle Saturday.

Orville O'Neal and wife spent Saturday with the former's parents, Mr. and Mrs. W. H. O'Neal.

Resolutions.

Whereas, it has pleased Almighty God in his wise providence to take out of the world the soul of our Beloved Brother, Robert S. Irwin; we the members of Morton Lodge, No. 469, F. & A. M., present the following resolutions:

Resolved, That in the death of our brother our order has lost one of its loyal and influential members. He was a true Mason. The date of his becoming a member was October 14, 1910, and he was always a faithful member;

Resolved, That the community has lost a leading citizen and one whose honesty and integrity was beyond reproach. He was a public spirited man being ever ready to help in all worthy enterprises, and to lend a helping hand;

Resolved, That his wife and children have sustained an irreparable loss in the death of an affectionate husband and father. Therefore be it further

Resolved, That we order a copy of these resolutions to be published in two of the leading county papers; a copy to become a part of the permanent minutes of Morton Lodge, No. 469, and a copy presented to his sorrowing family.

S. B. Thomas, Committee.
D. P. Alexander.

BROADPARK.

Earl Young and Robert Johnston were guests of Mr. and Mrs. Filmore Modlin Sunday.

In Memory.

To the memory of Mary (Bicknell) Irwin, who passed away January 18, 1914:

Just as the conqueror that comes
Invincible, and lays to waste
A smiling country, many homes
And leaves a tear on every face.

Comes death the conqueror of all,
And devastates the smiling home.
Obeys the spirit at God's call
With upward bound no more to roam

One snowy morn, death's finger tips
Did steal away the gentle breath
That fluttered 'round the fairy lips
Of one fair from fate thus bereft

Of one whose many years of life
Of constant cheer to us has been
Of one whose labors in the strife
Have been most pure and serene.

To whom the tears of love we owe
For love we never can repay.
Can splendid bier or tomb that glows
Are sweep our debt to her away?

Reorganization of Civic League.

The complete reorganization of the Civic League of this city has been made. At a meeting of the Civic League last Sunday afternoon at the Locust Street Church the officers for the ensuing year were elected. The executive committee has been appointed by the new officers. The president of the organization is exceedingly anxious for all the members of the Civic League to be present at a meeting which will be held at the Locust Street M. E. church next Sunday afternoon at 3:15 o'clock.

A general secretary will be elected to fill the vacancy left by the resignation of Mrs. E. B. Doll, who has served in that capacity for several years.

The executive committee which is composed of the pastors of each church and four members at large was appointed as follows:

Baptist Church—Rev. E. R. Carswell, Mrs. E. B. Doll, Mrs. Charles Vancleave.

Christian Church—Rev. A. M. Hootman, A. N. Holloway, Mrs. Alex Lockridge.

Locust Street Church—Rev. B. D. Beck, Mrs. H. J. Banker, R. A. Davidson.

College Avenue Church—Rev. D. Tillotson, Mrs. L. A. Baker, Mrs. Hubert Webster.

Members at Large—Dr. C. C. North, Charles Barnaby, George Wilson, Prof. Eckhart.

The instructors who will stage the Elks Minstrels which will be given the 23rd and 24th of this month, will arrive here Saturday. Practice for the play will be started at once. A meeting of all the people who will take part in the play will be held in the Elks' hall next Saturday night. The first rehearsal will be held at the club rooms Sunday afternoon.

The Grand Army Post here will order markers on March 1, 1914, for all graves of soldiers, that are not marked with some monument or head stone. Friends of such deceased soldiers who are interested, will please hand a descriptive list to some member of the post, as soon as possible.

Word was received here today that the condition of Charles Mecum, of Frankfort, formerly of this city, was worse. Mr. Mecum is suffering from inflammatory rheumatism. Otto Mecum of this city was called to Frankfort Monday on account of the serious illness of his father.

All alumni of the Greencastle high school interested in the organization of a basketball team which will play the varsity high school team February 20 will meet at the high school school building next Monday evening at 7:30 o'clock. A basketball captain and manager will be elected.

Mr. and Mrs. L. B. Crawford, who reside on east Seminary street, are in Mitchel, Indiana, for a two days' visit. Mr. Crawford is employed at the A. Cook Drug store.

Miss Florence John, who has been confined to her home on south Locust street on account of illness, is reported to be getting along nicely today.

FREE TO FARMERS.

By special arrangement the Ratekin Seed House of Shenandoah, Iowa, will mail a copy of their Big 1914 Illustrated Seed Book, and a sample of their famous "Diamond Joe's Big White" seed corn that has a record of over 200 bushels per acre, free to every reader of this paper who may be interested in the crops they plant. This book is a complete compendium of farming and farm and garden seeds. It tells how to grow big crops and all about best varieties of seed corn for your locality; also Seed Oats, Wheat, Barley, Speltz, Grasses, Clovers, Alfalfa, Pasture and Lawn Mixtures, Seed Potatoes and all other farm and garden seeds. This seed book is worth dollars to all in want of seeds of any sort. It's free to all our readers. Write for it and mention this paper. The address is Ratekin Seed House, Shenandoah, Ia., Box 788.

FARMERS' ATTENTION.

I have just gotten out a new rating book of the taxpayers of Putnam county for the benefit of the farmers. This book shows the amount of each one's assessment, both real and personal. These books are going fast at \$1.00 while they last. Be sure you get one before your assessor comes around next month as it will put you in touch with your last year's assessment and save you money on your taxes.

Books on sale at the Recorder's office. J. B. Harris, ex-Deputy Recorder.

THROW OUT THE LINE.

Give Them Help and Many Greencastles People Will Be Happier.

"Throw Out the Life Line"—Weak kidneys need help.

They're often overworked—they don't get the poison filtered out of the blood.

Will you help them?

Doan's Kidney Pills have brought benefit to thousands of kidney sufferers.

Greencastle testimony proves their worth.

Miss Jane Albin, 608 Illinois St., Greencastle, Ind., says "For some time my kidneys bothered me. Whenever I did any heavy work, severe pains went through my sides and hips. I had dizzy spells and felt tired all the time. On a friend's advice, I used Doan's Kidney Pills and they made a change for the better at once. I continued to take this remedy and the pains left and my health improved. I have had no trouble since."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

This afternoon at 1:30 o'clock, Miss Anna Louise Therese Callahan, will be united in marriage to Alfred F. Hays, at the Callahan home on Columbia street. Rev. George P. Torrence, of St. John's Episcopal church, will officiate. Immediately after the ceremony, which will be a quiet one, the young couple will leave on a wedding trip through the east.—Lafayette Journal.

T. D. Beaumont, a scene painter from New York, is here painting a new drop curtain for the Opera House. Mr. Beaumont has selected a scene known as "October" for the curtain. The scene depicts three hunting dogs, two setters and a pointer, in the woods. Advertising spaces have been arranged around the scene and the curtain will be a most attractive one.

Phil S. Fenn, who has been taking leases of prospective oil land north of this city, left today for Hamilton, O., where he will transact business for several weeks.

Mrs. R. A. Ogg returned to her home this morning after several weeks' tour of the state lecturing at farmers' institutes. Her last lecture was given in Bloomington.

Obituary.

Jesse Eggers, eldest son of William Eggers and Mary Tatum Eggers, was born near Connorsville, Fayette County, Indiana, January 11, 1818, and when about nine years old came with his parents to Putnam County, Indiana, and settled near Greencastle October 14th, 1827 in the woods when this county was a dense forest, and as soon as his strength and size would admit began to help his father and mother make a home, and by diligent industry was rewarded by the abundant harvests and blooming fields and no doubt did more toward making this good old county of Putnam what it is today than any man probably who ever lived in the county.

He was married to Sarah Morpew, daughter of James Morpew in May, 1837, and by the help of his faithful companion succeeded in gaining quite a competence and raising a large family to bless their labor of love through their declining years.

To this union was born five sons and three daughters; viz: John Wesley, William Riley, George Washington, Patrick Henry, Jesse D. Wright,

Mary Jane, Mahala Ellen and Sarah Elizabeth, all of whom lived to brighten their pathway through the thorns and thistles, the cold and heat, and never was the weather too cold or the labor too arduous, or the sacrifice too great to in any way deter Uncle Jesse, (as he was familiarly called) from discharging his duty to his family and friends, in sickness, or distress and he could be relied upon as a friend in all needs.

After having helped make this county blossom as the rose for more than four score years, he was deprived of his dear companion in August, 1897, also the two latter daughters not far from that time and his oldest son, John W., who died Feb. 24, 1903.

He was blessed with a chance to see all of his children married off, and to assist them to get homes and ever admonished them that honesty is the best policy; the motto of his life ever was to make his word as good as his bond.

In latter years he has made his home with his oldest daughter and husband, Charles T. Meyers and wife about four miles southeast of Roachdale where he departed this life on Feb. 6th, 1914, being ninety-six years and twenty-six days old at the time of his death. He was the oldest man in this part of the county if not in the county and never once in that long and eventful life, surrounded by vice and evil influence, did he allow his evil nature to get control of him, or allow blasphemous words and cursings to escape his lips no matter what the provocation or environments with which he was surrounded he never lost control of his well-balanced mind.

He never became identified with any church but was in sympathy with the Baptist Church of which his companion and several of his children were members; and only deprived himself of the joys in store for him in the acts of obedience, but many acts of charity and benevolence bespoke highly of that Christian spirit so predominant in his nature, and often expressed more loudly than words all through his long life which is a legacy to follow and bless his bereaved family through after years.

He leaves to mourn his demise four sons and one daughter, a host of grandchildren, great grandchildren and great-great grandchildren too numerous for the memory of the writer; also some brothers and other relatives and a host of friends who may well emulate many of his good examples.

Funeral services were conducted at Barnard by Elder C. L. Airhart for the comfort and edification of all, after which the remains were tenderly laid to rest by the side of his dear companion in Barnard cemetery to await the final resurrection morn.

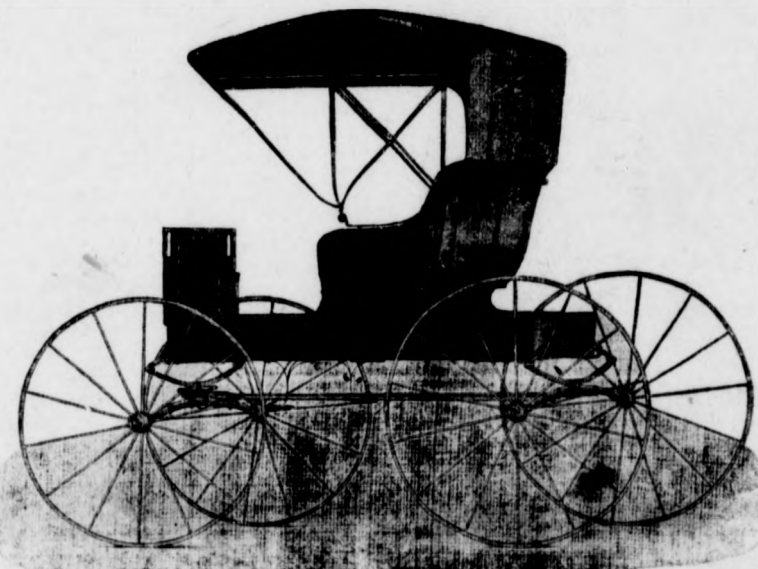

Obituary of Ida Ellis.

Miss Ida Ellis was born in Dubois County, Indiana, September 22, 1867. She passed to her heavenly home on Saturday, February 7th, 1914, at 4 a. m., from San Antonio, Tex., where with her father and mother she was spending the winter. Her remains were brought to Greencastle and laid to rest in Forest Hill cemetery. She leaves to mourn her loss father, mother, three brothers and three sisters besides a host of friends.

Before coming to Greencastle, she taught two years in the public schools of Dubois County. Coming to Greencastle with her family in 1886, she entered DePauw university, graduating with the class of 1892. In order that she might be better fitted for usefulness, she entered the Chicago Training School for city, home and foreign missions and graduated there from 1894. In 1894 and 1895, she taught in the public schools of Putnam county. In 1896 she became a graduate student of philosophy at English literature in DePauw university.

Ida early gave her heart to the Saviour and united with the Methodist Episcopal Church when about eight years of age. In Greencastle she was a working member of Locust Street M. E. Church, identified with the Woman's Foreign Missionary Society, with the Sunday school of which she was superintendent for one year, and also with the Epworth League. With other members of the league, she did missionary work in what is known as the south end, always anxious to be doing something for the good of others.

Yearning for a wider field of usefulness, in 1900, she went out under the auspices of the Woman's Foreign Missionary Society of the Methodist Episcopal Church, to Penang, in the Straits Settlements, Malaysia, where for three years she was principal of the girl's school. Her health failing she came home on health leave. Recovering her health to some extent she was not content to remain although no physician, at first, was willing to grant a health certificate that would permit her to re-enter the work. Mrs. Dr. Stevens—herself a missionary, who was greatly interested in India—granted the certificate and Ida went to Phalera, India in 1905. But to her great disappointment, she was not able to continue long in the work and was compelled to return home, since her return she has been a constant sufferer, but a marvel of patience and Christian faith and a blessing to those who knew her. She could not understand why she was so disappointed in her life work, but knew it would be explained and she would understand when she reached her heavenly home.

The Secret of Our Success—
..QUALITY..

Staver Long Distance Axles—Are kept in perfect adjustment by the set screws in the axle nuts, taking up the wear of the washers and keeping the wheels tight. A taper bearing along the full length of the spindle reduces the friction. Dust proof and oil tight. Will run a long time with one oiling.

Full Wrought Gears—Staver wrought fifth wheel with concealed head clip king bolt, center bearing on axle, oval axle clips with two extra clips on front axle; front perch heels clipped to reaches.

Easiest Riding Spring Ever Produced—Four leaf front and rear. Special design. Oil tempered, full graded.

Staver Tops are Well Proportioned—Made full size by skilled workmen. Sewed with waxed thread and a welt between quarters and roof. Back stays reinforced with a brass strip full length down to shifting rail. All wool cloth head lining; best grade leather and rubber for the covering.

Staver Solid Foot Dashes—Will not work loose or break.

Staver Steel Frame Boots making a substantial boot which will last as long as the life of the buggy.

Staver Buggies are Made in Staver Shops—They make all parts—bodies, seats, tops, gears, forgings, poles, shafts, dashes and fenders. In this way they guard against poor material going into their work and they use their own special styles and designs.
